RE: Docket No. 120152-WS - Application for increase in water and wastewater rates in Orange County by Pluris Wedgefield, Inc.
Request for Confidential Classification for Document No. 00458-13

On January 25, 2013, Pluris Wedgefield, Inc. (Pluris or Utility) filed its request for confidential classification for Document No. 00458-13. The document is the Utility's summary of pro forma plant and expenses requested in this proceeding as a response to various data requests from staff. Certain information produced in response consists of employees' name and title, base salary, overtime, raises, taxes, pension information, total compensation and contribution to 401(k) plans. The Utility claims the information is intended to be, and is treated by, Pluris as private and confidential, has not been disclosed externally, and has been strictly controlled internally. Staff has reviewed the documents and concurs with the Utility that the nature of the information meets the requirements set forth in Section 367.156, Florida Statutes, whereby disclosure of the information would harm the Utility's competitive business interests and would impair the ability of the Utility to contract for employees on favorable terms. Therefore, staff recommends that the Utility's request for confidential classification of Docket No. 00458-13 be approved.
