CUSTOMER NOTICE

MARCH 4, 2013

By Proposed Agency Action Order No. PSC-11-0514-PAA-WS ("PAA Order"), issued November 3, 2011, the Commission approved a rate increase for water service and a rate decrease for wastewater service for Lake Utility Services, Inc. The PAA Order was not protested within the protest period, and became final by Order No. PSC-11-0548-CO-WS, issued November 29, 2011. Those rate adjustments were implemented December 17, 2011. The PAA Order also authorized Lake Utility Services, Inc. to implement a Phase II water rate increase of 0.6166% upon completion of the installation of a raw water main from its existing well at the Oranges Water Treatment Plant to the existing piping at the Vistas Water Treatment Plant. That construction has been completed and the Phase II water rates authorized by the Commission are being implemented.

The increased rates and charges are effective for service on or after March 9, 2013.

The rates prior to implementing the Phase II water rates and the Commission-approved Phase II water rates, are attached to this customer notice.

This notice was prepared by the Utility and approved by the Commission Staff for distribution by the Utility to its customers.

If you have any questions about your bill, please contact the Utility at (800) 272-1919.

Sincerely,

Lake Utility Services, Inc.
