Hi Nonnye,

The closing date was March 11, 2013, which is the date the certificates should be cancelled.

Thanks,  
Ana

**From:** Nonnye Grant**Sent:** Thursday, March 28, 2013 11:35 AM**To:** Ana VanEsselstine; Martha Brown**Subject:** Dkt. 120272-WS - Aqua Utilities Florida, Inc. to YES Companies, LLC

Good morning to both, we have received your memo in the above docket advising us to close it, which I have, but according to order PSC-13-0105-FOF-WS issued 2-28-13 several of the ordering paragraphs as listed below stated:

ORDERED that this docket shall remain open until the executed purchase agreement confirms the **actual date of closing**. Upon receipt, the docket may be closed administratively;

ORDERED that Certificate No. 479-S shall be cancelled administratively upon receipt of the executed agreement confirming the **actual date of closing**; and

ORDERED that this docket shall remain open until the executed purchase agreement confirms the actual date of closing. Upon receipt, the docket may be closed administratively.

I now need to KNOW what the cancellation date I need to use, since the order stated the certificate would be canceled at the time those were filed, not the date that the order was issued, so that I can enter that information into MCD to cancel the certificate, as you did not have that listed in your memo. Please advise so that I can cancel the certificate, until I hear from you it will remain active. Thanks to both and have a good day. Nonnye
