2           **CHAIRMAN BRISÉ:** We will officially call this  
3 meeting to order at this time, and recognizing that  
4 today is the 20th take our daughters and sons to work  
5 day. And our theme this year, I guess the national  
6 theme is work in progress. So we have some future  
7 workers that are here today, and they are here in the  
8 audience, so if we have all the young people stand. And  
9 they represent the future of not only this agency but  
10 our state and our community overall. So we want to  
11 welcome them, and we hope that they enjoy seeing what  
12 their parents do -- y'all can have a seat.

13           (Audience applause.)

14           **CHAIRMAN BRISÉ:** We certainly hope that as  
15 they spend some time with us today, they will sort of  
16 gain an understanding of what their parents do and how  
17 exciting the work of their parents is, and how they get  
18 to eat every day, and have a place to stay, and all of  
19 that.

20           So we thank everyone who was participating  
21 today. I know it's a little different than what we  
22 usually do. We usually have a full on program, but the  
23 fact that we have an agenda today changes things. But I  
24 think it creates an opportunity for a different type of  
25 experience. So we thank all of those who are

1 participating today in that.

2 With that, we are ready to move on to the  
3 other business of the day. And I think we are ready to  
4 entertain a motion, recognizing that Item Number 3,  
5 there is a oral modification. And so after the -- after  
6 there's a motion for the items that are on move staff,  
7 we will entertain that and then move accordingly.

8 **COMMISSIONER EDGAR:** Mr. Chairman, I  
9 understand that we have an oral modification on Item 3.

10 **MS. BRUCE:** Yes. Commissioners, Sonica Bruce.  
11 Commission staff has on oral modification on Page 34 of  
12 the recommendation at the bottom of the page. In the  
13 section titled wastewater service availability charges,  
14 the plant capacity charge should be \$765 per ERC for  
15 residential customers and \$2.83 for all others. The  
16 main extension charge should be \$2,268 per ERC for  
17 residential customers and \$8.40 for all others. Thank  
18 you.

19 **COMMISSIONER EDGAR:** Mr. Chairman, if  
20 appropriate I would move the staff recommendation for  
21 Items 1, 3 as modified, 4, 5, 6, 7, and 8.

22 **CHAIRMAN BRISÉ:** Thank you.

23 It has been moved and seconded. Is there any  
24 further discussion or comments on any of these items?

25 Okay. Just a quick comment on Items 7 and 8,

recognizing that there is a slight rate impact there,  
recognizing that all of those items are as a result of  
rules that are outside of our purview that the companies  
have to deal with to comply.

So all in favor say aye.

(Vote taken.)

**CHAIRMAN BRISÉ:** All right. Thank you.
