NOTICE TO CUSTOMERS

Pursuant to Section 367.081 (4) (a), Florida Statutes, water and wastewater utilities are permitted to adjust, the rates and charges to its customers without those customers bearing the additional expense of a public hearing. These adjustments in rates would depend on increases or decreases in non-controllable expenses subject to inflationary pressures such as chemicals, and other general operation and maintenance costs for the calendar year 2011.

On March 31, 2013 Tymber Creek Utilities, Incorporated filed its notice of intention with the Florida Public Service Commission to increase its water and wastewater rates in Volusia County pursuant to this Statute. The filing is subject to review by the Commission Staff for accuracy and completeness. Water and Wastewater rates will increase by .97% and 1.70% respectively. These rates should be reflected on your bill for services rendered on or after May 31, 2013.
