4. Brief Description of Type of Service Affected: ELink Biz proposes to discontinue the provision of its interstate ADSL, SDSL, IDSL and T1 services in the above rate centers, which are used for broadband Internet access.
5. Dominance or Non-dominance with Respect to Service to be Discontinued: ELink Biz is non-dominant with respect to the interstate ADSL, SDSL, IDSL and T1 services that it proposes to discontinue.
6. Description of the Dates and Methods of Notice to Affected Customers: ELink Biz sent written notice to affected customers on May 20, 2013 in accordance with the requirements of Section 63.71(a) and the *Wireline Broadband Order*. A sample of the customer notice is attached hereto as Exhibit A.

ELink Biz has not sought approval for the proposed discontinuation of service from any state public utility commission (or similar agency) because the service it proposes to discontinue is interstate in nature pursuant to *GTE Telephone Operating Cos., GTOC Tariff No. 1, Trans. No. 1148*, 13 FCC Rcd. 22,466 (1998). Nevertheless, in accordance with Section 63.71(a) of the Commission's rules and the *Wireline Broadband Order*, ELink Biz has notified the Governors and the public service commissions (or similar agency) in the states where the affected wire centers are located as described above. ELink Biz also notified the Special Assistant for Telecommunications for the Secretary of Defense.

Should you have any questions with respect to this matter, please do not hesitate to contact me.

Respectfully submitted,

Paula Foley
