Bart:

I spoke with Carl Smith this morning. LP Utilities and LP Waterworks are in the process of resolving some issues with the Rate Base and LP Utilities is in agreement with LP Waterworks to hold off on the submittal to the Commission while this issue is resolved.

Bart, in discussion with the Shareholders of LP Waterworks, Inc. we are requesting to hold off on the submittal to the Commission for one month while we discuss further with LP Utilities. John, we are in hopes that you as the representative of LP Utilities would email Bart and state you are also in agreement while we work this issue out.

Please let Bart and I know as soon as possible.

Subject: RE: Docket 130055 - Party Question

PARTIES

Hey: I don't think that the seller, LP Utilities Corp, needs to be listed as a party. The only party to this docket is the buyer, LP Waterworks, the entity who is asking for the transfer of certificate . Hope that helps.

Subject: Docket 130055 - Party Question

Good afternoon, Suzanne,

I was updating some parties information in the above-mentioned docket and note that in the utilities section, Company Codes WS860 (L. P. Utilities Corporation) and WS963 (LP Waterworks, Inc.) are listed. However, in the parties information, only LP Waterworks is listed. Shouldn't L. P. Utilities Corporation be listed in the parties information as well? Please advise and I will update that information if needed. Thank you for your help!
