

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Joint petition for approval of natural gas transportation service agreement between Florida City Gas and Miami-Dade County, through Miami-Dade Water and Sewer Department.

DOCKET NO. 130089-GU
ORDER NO. PSC-13-0341-CFO-EI
ISSUED: July 31, 2013

ORDER GRANTING FLORIDA CITY GAS'S REQUEST FOR
CONFIDENTIAL CLASSIFICATION (DOCUMENT NO. 04198-13)

On July 22, 2013, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida City Gas (FCG) filed its request for confidential classification of certain information submitted as its response to Florida Public Service Commission Staff's (Staff's) Third Data Request No. 3-2(f) (Document No. 04198-13).

Section 366.093(1), F.S., provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from Section 119.07(1) [the Public Records Act]." Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Sections 366.093(3)(d) and (e), F.S., provide that proprietary confidential business information includes, but is not limited to "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms" and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information."

FCG contends that its response to Staff's Third Data Request No. 3-2(f), as more specifically described on a page and line-by-line basis in the Justification Matrix in Attachment 1 to its Request, falls within these categories and, thus, constitutes proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. FCG states that this information is intended to be and is treated by FCG as private and has not been publicly disclosed.

Specifically, FCG states that its response to Staff's Third Data Request No. 3-2(f) contains additional information regarding customer specific operation and maintenance expenses which provide more detail associated with the confidential portions of the cost of service study contained in Exhibit D to the Joint Petition in this matter. Portions of the cost of service study contained in Exhibit D (Document No. 02131-13) to the Joint Petition were granted confidential classification by Order No. PSC-13-0246-CFO-GU, issued on June 4, 2013. FCG contends that the rationale that supported confidentiality for Document No. 02131-13 also supports confidentiality for the additional information contained in Document 04198-13, i.e., that

disclosure of this information would allow a potential customer to derive FCG's minimum take or pay requirements and bottom line costs appearing in the cost of service study. The net effect of the disclosure of this type of information is that FCG would not be able to negotiate as high a contract rate for its services as it otherwise would to the detriment of its ratepayers.

Time Period For Confidential Classification

FCG requests confidential classification for this information for a period of 18 months. According to Section 366.093(4), F.S., confidential classification may only extend for 18 months from the issuance of an Order granting confidential classification unless "the Commission finds, for good cause, that the protection from disclosure shall be for a specified longer period."

Ruling

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3)(d), F.S., for classification as proprietary confidential business information. The information constitutes "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms." Thus, the information identified in Document No. 04198-13 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FCG or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Lisa Polak Edgar, as Prehearing Officer, that Florida City Gas's Request for Confidential Classification of Document No. 04198-13 is granted. It is further

ORDERED that the information in Document No. 04198-13 for which confidential classification has been granted, shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Lisa Polak Edgar, as Prehearing Officer, this 31st day of
July, 2013.

This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. A motion for reconsideration shall be filed with the Office of Commission Clerk, in the form prescribed by Rule 25-22.0376, Florida Administrative Code. Judicial review of a preliminary, procedural or intermediate ruling or order is available if review of the final action will not provide an adequate remedy. Such review may be requested from the appropriate court, as described above, pursuant to Rule 9.100, Florida Rules of Appellate Procedure.
