In Re: Petition for increase in rates by Gulf

Docket No. 130140-EI
Dated: August 7, 2013

**GULF POWER COMPANY'S OBJECTIONS TO CITIZENS' FIRST REQUEST
FOR PRODUCTION OF DOCUMENTS (NOS. 1-59)**

Pursuant to Fla. Admin. Code R. 28-106.206, Rule 1.350 of the Florida Rules of Civil Procedure, and the Order Establishing Procedure in this matter, Gulf Power Company ("Gulf") hereby serves its objections to Florida Citizens' ("OPC") First Request for Production of Documents (Nos. 1- 59, and respectively, and together "the Requests") and states as follows:

GENERAL OBJECTIONS

With respect to any "Definitions" and "Instructions" in OPC's Requests for Production, Gulf objects to any definitions or instructions that are inconsistent with Gulf's discovery obligations under applicable rules. If some question arises as to Gulf's discovery obligations, Gulf will comply with applicable rules and not with any of OPC's definitions that are inconsistent with those rules. Gulf also objects to any request that calls for documents to be produced from the files of Gulf's counsel in this matter because such documents are privileged and are otherwise not within the scope of discovery under the applicable rules and law. Furthermore, Gulf objects to any definition or request that seeks to encompass persons or entities other than Gulf who are not parties to this action and thus are not subject to discovery. Records of affiliated companies, including The Southern Company, that are directly relevant to Gulf's rate request, including records regarding transactions or cost allocations among Gulf and its affiliated companies may be provided, upon request. Otherwise, no responses to the requests will be made on behalf of persons or entities other than Gulf. Gulf also objects to OPC's request that Gulf provide documents in a specific electronic format. Gulf will produce electronic data in its

native format. Non-electronic documents will be scanned and produced in PDF format. However, Gulf objects to OPC's request to produce documents in an OCR searchable format on the grounds that doing so would be unduly burdensome and otherwise beyond Gulf's discovery obligations under applicable law. Furthermore, Gulf objects to any request that calls for Gulf to create documents that it otherwise does not have because there is no such requirement under the applicable rules and law.

Additionally, Gulf generally objects to OPC's Requests to the extent that they call for documents protected by the attorney-client privilege, the work product doctrine, the accountant-client privilege, the trade secret privilege, or any other applicable privilege or protection afforded by law. Gulf will provide a privilege log in accordance with the applicable law or as may be agreed to by the parties to the extent, if at all, that any document request calls for the production of privileged or protected documents.

Further, in certain circumstances, Gulf may determine upon investigation and analysis that documents responsive to certain requests to which objections are not otherwise asserted are confidential and proprietary and should be produced only under an appropriate confidentiality agreement and protective order, if at all. By agreeing to provide such information in response to such a request, Gulf is not waiving its right to insist upon appropriate protection of confidentiality by means of a confidentiality agreement, protective order, or the procedures otherwise provided by law or in the Order Establishing Procedure. Gulf hereby asserts its right to require such protection of any and all information that may qualify for protection under the Florida Rules of Civil Procedure, the Order Establishing Procedure, and all other applicable statutes, rules and legal principles.

Gulf generally objects to OPC's Requests for Production to the extent that they call for the production of "all" documents of any nature, including, every copy of every document responsive to the requests. Gulf will make a good faith, reasonably diligent attempt to identify and obtain responsive documents when no objection has been asserted to the production of such documents, but it is not practicable or even possible to identify, obtain, and produce "all" documents. In addition, Gulf reserves the right to supplement any of its responses to OPC's Request for Production if Gulf cannot produce documents immediately due to their magnitude and the work required to aggregate them, or if Gulf later discovers additional responsive documents in the course of this proceeding.

Gulf generally objects to each Request to the extent that it calls for information that is not relevant to this case. Where practical, Gulf has made efforts to redact irrelevant information with a notation regarding the nature of the redaction.

By making these general objections at this time, Gulf does not waive or relinquish its right to assert additional general and specific objections to OPC's discovery at the time Gulf's response is due under the Florida Rules of Civil Procedure and the Order Establishing Procedure. Gulf provides these general objections at this time to comply with the intent of the Order Establishing Procedure to reduce the delay in identifying and resolving any potential discovery disputes.

SPECIFIC OBJECTIONS

Request 7: Gulf objects to OPC's request number 7 to the extent that the request calls for Gulf to obtain documents from other parties (i.e., all subsidiaries of The Southern Company) that are not within Gulf Power's possession, custody or control. Additionally, as the request relates

to entities other than Gulf, Gulf objects because the data requested is not relevant to this case, has no bearing on this proceeding, and is not reasonably calculated to lead to the discovery of admissible evidence.

Request 8: Gulf objects to OPC's request number 8 to the extent that the request calls for Gulf to obtain documents from other parties (i.e., The Southern Company and each of its subsidiaries, affiliates or divisions) that are not within Gulf Power's possession, custody or control. Additionally, as the request relates to entities other than Gulf, Gulf objects because the data requested is not relevant to this case, has no bearing on this proceeding, and is not reasonably calculated to lead to the discovery of admissible evidence.

Request 17: Documents produced in response to this request will include some affiliate data which is not relevant to this case. Due to the large volume of documents involved and timing constraints, Gulf has chosen not to redact this affiliate data. Gulf's decision not to redact affiliate in this instance shall not amount to a waiver of Gulf's general objection to providing affiliate data which has no bearing on this case.

Request 19: Gulf objects to OPC's request number 19 to the extent that the request calls for Gulf to obtain documents from other parties (i.e., The Southern Company) that are not within Gulf Power's possession, custody or control. Additionally, as the request relates to entities other than Gulf, Gulf objects because the data requested is not relevant to this case, has no bearing on this proceeding, and is not reasonably calculated to lead to the discovery of admissible evidence.

Request 20: Gulf objects to OPC's request number 20 to the extent that the request calls for Gulf to obtain documents from other parties (i.e., Southern Company) that are not within Gulf Power's possession, custody or control. Additionally, as the request relates to entities other than

Gulf, Gulf objects because the data requested is not relevant to this case, has no bearing on this proceeding, and is not reasonably calculated to lead to the discovery of admissible evidence.

Request 31: Gulf objects to OPC’s request number 31 to the extent that it directs Gulf to “explain all assumptions and calculations used.” This directive is in the nature of an interrogatory and exceeds Gulf’s obligation under Rule 1.350 to produce responsive documents.

Request 32: Gulf objects to OPC’s request number 32 to the extent that it directs Gulf to “explain all assumptions and calculations used.” This directive is in the nature of an interrogatory and exceeds Gulf’s obligation under Rule 1.350 to produce responsive documents. Further, Gulf objects to subsection (d) of this request to the extent that it calls for creation of reconciliation work papers which may not otherwise exist.

Request 33: Gulf objects to providing agreements for services whose costs are recovered through a cost recovery clause on the grounds that such documents are not relevant to the subject matter of this proceeding and are not reasonably calculated to lead to the discovery of admissible evidence.

Request 35: Gulf objects to OPC’s request number 35 to the extent that it directs Gulf to “explain all assumptions and calculations used.” This directive is in the nature of an interrogatory and exceeds Gulf’s obligation under Rule 1.350 to produce responsive documents.

Request 36: Gulf objects to OPC’s request number 36 to the extent that it directs Gulf to “identify” certain documents and materials. This directive is in the nature of an interrogatory and exceeds Gulf’s obligation under Rule 1.350 to produce responsive documents.

Request 37: Gulf objects to OPC’s request number 37 to the extent that it directs Gulf to “identify” certain documents and materials. This directive is in the nature of an interrogatory and exceeds Gulf’s obligation under Rule 1.350 to produce responsive documents.

Request 38: Gulf objects to OPC's request number 38 to the extent that it directs Gulf to "identify" certain documents and materials. This directive is in the nature of an interrogatory and exceeds Gulf's obligation under Rule 1.350 to produce responsive documents.

Request 44: Gulf objects to OPC's request number 44 to the extent that it directs Gulf to provide documentation relating to use of aircraft by all Southern Company employees. Gulf will produce documentation relating to Gulf Power employees' use of aircraft and use of aircraft by other persons within the Southern Electric system on Gulf Power's behalf. All other information is irrelevant, beyond the scope of this proceeding, and is not reasonably calculated to lead to the discovery of admissible evidence.

Requests 50-53: Gulf objects to OPC's requests numbered 50-53 to the extent that the requests call for Gulf to obtain documents from other parties (i.e., The Southern Company) that are not within Gulf Power's possession, custody or control. Additionally, as the requests relate to entities other than Gulf, Gulf objects because the data requested is not relevant to this case, has no bearing on this proceeding, and is not reasonably calculated to lead to the discovery of admissible evidence. Notwithstanding these objections, as a courtesy, Gulf will provide information relating to The Southern Company to the extent that such information is otherwise publicly available.

Request 54: Gulf Power objects to OPC's request number 54 to the extent that it calls for production of correspondence unrelated to Gulf Power and/or that is not within Gulf Power's possession, custody or control. As the request relates to entities other than Gulf, Gulf objects because the data requested is not relevant to this case, has no bearing on this proceeding, and is not reasonably calculated to lead to the discovery of admissible evidence.

Request 56: Gulf objects to this request number 56 to the extent it calls for documents regarding utility subsidiaries of Southern Company other than Gulf, except to the extent such documents are publicly available. Such non-publicly available documents, if they exist, are not in the possession, custody or control of Gulf and do not relate to transactions between Gulf and any of its affiliates. Further, the production of such documents, if they exist, is not reasonably calculated to lead to the discovery of admissible evidence.

Request 57: Gulf objects to OPC's request 57 the extent that it directs Gulf to develop an "index" which may not otherwise exist. This directive exceeds Gulf's obligation under Rule 1.350 to produce responsive documents.

Request 59: Gulf objects to OPC's request 59 the extent that it directs Gulf to develop an "index" which may not otherwise exist. This directive exceeds Gulf's obligation under Rule 1.350 to produce responsive documents.

Respectfully submitted this 7th day of August, 2013.
