All three of these are awaiting a staff recommendation, which are due by 9/9. If we send them back before then, we won't need to write a recommendation. If they can go back before then, just let me know and I'll take care of the rest.

At this time, 04360-13, 03843-13, and 03844-14, were not entered into the record of the 130009 case. It is very likely we will be returning these to sender.

What actions, if any do we need to take in the foreseeable future regarding these items?
