Subject: Declassification of Confidential DNs 08740-11 and 00055-12 - 110322-EI

Vic,
Per our e-mails, the Clerk's Office will declassify confidential DN 00055-12 and forward to you in APA. Confidential DN 08740-11 will be declassified and placed in the public docket file.
Thank you.

Vic,
APA work papers, i can declassify and forward to APA, but FPL's document should either be declassified and placed in the docket file or returned to them.

I just spoke with Carl and instead of, as you noted below—placing it in the public docket file—please just send the information to us and we'll take care of it from there. Thanks.

DN 08740-11 would be declassified and placed in the public docket file.
Not sure about DN 00055-12.

Hyma,

Should DN 00055-12 be declassified and forwarded to APA ?

Thanks.

After processing it, would you be able to send me the declassified info so that I can place the info in my workpapers?

It's ok to put the confidential document in the public docket file. Thanks.

The Clerk's Office does not contact the company to advise them of declassification of a confidential document. I have known some staff members to contact the company and see if an extension will be filed, if the company wants the document back, or if its ok to put the confidential document in the public docket file. And yes, since the declassification date is 7/24/13, someone could realistically view the document today, even though its locked up.

10-4.. Incidentally, do you or someone else at the Commish remind the companies of the 18-month expiration (hence, "declassification") date or is it up to them to keep track of the date? Am I correct that FPL has not filed its request for extended confidential classification; therefore, the data is now open for public disclosure?

I'm working on one for Gulf to retain the info. Upon receipt of FPL's filing, I'm going to recommend retention of that info too.

Vic,
DNs 08740-11 and 00055-12 in Dkt 110322-EI have reached their declassification dates.
Should these documents be declassified and placed in the public docket file ?
Or, returned to the source ?

DN 08740-11 – FPL (Butler) - (CONFIDENTIAL) Certain information included in Commission's review of coal combustion residual storage and disposal process of the Florida electric industry report; and information in data responses that staff reviewed in preparing the report ("confidential data responses"). [CLK note: Document transferred from 110000-OT to 110322-EI per DN 00054-12; see confidential DN 00055-12.]

DN 00055-12 - APA/Mailhot - (CONFIDENTIAL) Portions FPL's passages of staff's audit draft report entitled Coal Combustion Residual Storage and Disposal Processes of the Florida Electric Industry (GPC and Progress' information has been redacted). [CLK note: Provided on CD only; see confidential DN 08740-11.]

Thanks.
