Re: Environmental Cost Recovery Clause
FPSC Docket No. 130007-EI

Dear Ms. Cole:

On September 11, 2013 in Docket No. 130040-EI the Commission voted to approve a Stipulation and Settlement Agreement by and between Tampa Electric Company and Office of Public Counsel, Florida Industrial Power Users Group, Florida Retail Federation, Federal Executive Agencies and WCF Hospital Utility Alliance. The approval of the Stipulation and Settlement Agreement in Docket No. 130040-EI resolves all issues in that base rate proceeding and affects Tampa Electric's position on a number of the issues in this docket.

On September 16, 2013 Tampa Electric filed Supplemental Testimony and Revised Exhibit No. HTB-3 of Howard T. Bryant. The effect of that filing is to make the Tampa Electric testimony in this docket consistent with what was approved in the Stipulation and Settlement Agreement in Docket No. 130040-EI.

Enclosed for filing in this docket are the original and fifteen (15) copies of Amended Petition of Tampa Electric Company, the effect of which is to revise the company's August 30, 2013 Petition to conform to the content of the testimony filed on September 16 in this docket. We are providing the Commission Staff with five copies of the Amended Petition marked in legislative format to show the changes made from the Petition originally filed on August 30, 2013. We are also providing the other parties to this proceeding a copy of Tampa Electric's Amended Petition marked in legislative format to reflect the changes being made.

Please acknowledge receipt and filing of the above by stamping the duplicate copy of this letter and returning same to this writer.

DOCKET NO. 130007-EI

FILED: September 18, 2013

AMENDED PETITION OF TAMPA ELECTRIC COMPANY

Tampa Electric Company ("Tampa Electric" or "the company"), FILES THIS ITS Amended Petition for Commission approval of the company's environmental cost recovery true-up and the cost recovery factor proposed for use during the period January 2014 through December 2014, and in support thereof, says:

Environmental Cost Recovery

1. Tampa Electric had a final true-up amount for the January 2012 through December 2012 period of an under-recovery amount of \$3,702,886. [See Exhibit No. ____ (HTB-1), Document No. 1 (Schedule 42-1A).]

2. Tampa Electric projects an estimated/actual true-up amount for the January 2013 through December 2013 period, which is based on actual data for the period January 1, 2013 through June 30, 2013 and revised estimates for the period July 1, 2013 through December 31, 2013, to be an over-recovery of \$1,243,352. [See Exhibit No. ____ (HTB-2), Document No. 1 (Schedule 42-1E), from the filing dated August 2, 2013.]

3. The company's projected environmental cost recovery for the period January 1, 2014 through December 31, 2014 total is \$88,320,892 when adjusted for taxes and, when spread over projected kilowatt hour sales for the period January 1, 2014 through December 31, 2014 while adhering to the cost allocation methodology approved by the Commission on September 11, 2013 in the Stipulation and Settlement Agreement in Docket No. 130040-EI, produces an average environmental cost recovery factor for the new period of 0.482 cents per KWH after application of

the factors which adjust for variations in line losses. [See Exhibit No. ____ (HTB-4), Document No. 7 (Schedule 42-7P).

4. The accompanying Prepared Direct Testimony and Exhibits of Paul L. Carpinone and Howard T. Bryant present:

(a) A description of each of Tampa Electric's environmental compliance actions for which cost recovery is sought; and

(b) The costs associated with each environmental compliance action.

5. For reasons more fully detailed in the Prepared Direct Testimony of witness Howard T. Bryant, the environmental compliance costs sought to be approved for cost recovery proposed in this petition are consistent with the provisions of Section 366.8255, Florida Statutes, and with prior rulings by the Commission with respect to environmental compliance cost recovery for Tampa Electric and other investor-owned utilities.

WHEREFORE, Tampa Electric Company requests this Commission's approval of the company's prior period environmental cost recovery true-up calculations and projected environmental cost recovery charges to be collected during the period January 1, 2014 through December 31, 2014.

DATED this 18th day of September 2013.

Respectfully submitted,

JAMES D. BEASLEY
