Docket No.: 130001-EI
Date: September 25, 2013

REQUEST FOR EXTENDED CONFIDENTIAL CLASSIFICATION

GULF POWER COMPANY ["Gulf Power", "Gulf", or the "Company"], by and through its undersigned attorneys and pursuant to Rule 25-22.006, Florida Administrative Code, hereby files a request that the Florida Public Service Commission enter an order extending confidential classification for certain documents produced by Gulf Power in connection with a review of Gulf Power's 2010 fuel and capacity expenditures in Docket No. 110001-EI (ACN 11-006-1-2 & ACN 11-006-1-1) (the "Review"). As grounds for this request, the Company states:

1. On June 29, 2011, Gulf Power filed a request for confidential classification of certain information submitted by Gulf pursuant to the Review (the "Original Request"). (Document No. 04474-11). The subject information is contained within Document Nos. 04475-11, 03957-11 and 03959-11 (the "Confidential Information").
2. On March 29, 2012, the Commission entered Order No. PSC-12-0155-CFO-EI granting Gulf's Original Request.
3. As provided in section 366.093(4), Florida Statutes, and by the Commission's Order, the Confidential Information will be made public after a period of 18 months unless Gulf or another affected party shows, and the Commission finds, that the Confidential Information continues to constitute proprietary confidential business information. The 18-month extension period expires on September 29, 2013.
4. Gulf hereby requests that the Commission enter an order extending the confidential classification of the Confidential Information for an additional 18-month period.

5. The Confidential Information is entitled to continued confidential classification for the same reasons that it was initially classified. As stated in Gulf's Original Request, a portion of the information submitted by Gulf Power in connection with the Review constitutes proprietary confidential business information concerning bids and other contractual data, the disclosure of which would impair the efforts of Gulf Power to contract for goods and services on favorable terms. The information is entitled to confidential classification pursuant to section 366.093(3)(d) and (e), Florida Statutes. Specifically, the Confidential Information consists of pricing and bank routing information for fuel, energy and capacity purchases between Gulf Power and various counterparties. Contracts forming the basis for this pricing data are still in effect. This information is regarded by both Gulf and the counterparties as confidential. The pricing, which resulted from negotiations with Gulf and the counterparties, is specific to individual contracts and is not publicly known. Disclosure of this information would negatively impact Gulf's ability to negotiate pricing favorable to its customers in future contracts. In addition, potential counterparties may refuse to enter into contracts with Gulf, or may charge higher prices, if the price terms were made public. The bank routing information consists of private account numbers for various counterparties. Disclosure of this information would impair the parties' ability to protect themselves from fraudulent actions and could subject Gulf to potential litigation over the wrongful disclosure of private information. The information is entitled to confidential classification pursuant to section 366.093(3)(e), Florida Statutes.

6. The information filed pursuant to this request is intended to be, and is treated as, confidential by Gulf Power, and to this attorney's knowledge has not been otherwise publicly disclosed.

WHEREFORE, Gulf Power Company respectfully requests that the Commission enter an order extending confidential classification of the Confidential Information for an additional 18-month period.

Respectfully submitted this 25th day of September, 2013.
