Re: Docket No. 130158-TL
CenturyLink 2013 Federal ETC Filing (FCC Form 481)

Dear Ms Cole:

On November 18, 2011 the Federal Communications Commission (“FCC”) released its *USF/ICC Transformation Order* in WC Docket No. 10-90 et al. With that Order, the FCC began a transition to a national framework for certification of Eligible Telecommunications Carriers (“ETCs”) and set forth a standard set of information that all ETCs must file with the FCC each year. The Order also required ETCs to provide the same information to the respective state commissions.

On June 10, 2013, the FCC granted a limited waiver of the July 1 filing deadline for the annual ETC reporting requirements for 2013, with one exception.¹ ETCs with voice service rates below the rate floor² were required to file by July 1 the voice rate information required by 47 C.F.R. § 54.313(h). That same Order also noted that the final requirements for 2013 and the new filing deadlines would be set in a subsequent Order following Paperwork Reduction Act approval of the FCC’s reporting requirements and proposed reporting form.

On August 6, 2013, the FCC released an Order, DA 13-707, identifying the reporting requirements contained in 47 C.F.R. § 54.313 that are now approved and applicable in 2013 as well as setting October 15, 2013 as the deadline for ETCs to file the required information.³ The FCC also released the required reporting template, FCC Form 481, for use by all ETCs.

[REDACTED] responded to CenturyLink’s request to meet on December 12, 2012 via e-mail and a subsequent conference call was set up for January 18, 2013. Participating in this call were members of [REDACTED] and their consultants and representatives from CenturyLink Regulatory and Sales Account teams, the CenturyLink Florida Area Operations Manager, and CenturyLink’s Vice President and General Manager for Florida. This meeting, while having occurred in 2013, will be reported on in the 2014 Form 481.

However, it is important to note, that the contact resulting from CenturyLink’s targeted engagement efforts was essentially an extension of the ongoing engagement between CenturyLink and [REDACTED] which occurs on a regular basis.

Ongoing Engagement with the [REDACTED]

Background

CenturyLink serves [REDACTED] in much the same manner that it serves its other large customer groups. Attention is provided for the very specific issues that are inherent when doing business on tribal lands.

When tribal customers request for service from CenturyLink, they are handled with the same processes and personnel that would handle non-tribal requests. As the planning and sales account teams become aware of potential service demands by a "community anchor institution", such as tribal offices, schools, or clinics on tribal lands, these demands are incorporated as part of the standard planning processes.¹ CenturyLink strives to satisfy such demands in a timely and responsible manner.

CenturyLink has historically and will continue to market its services on tribal lands via radio and printed media as part of its ongoing outreach initiatives. Additionally, assistance programs are actively advertised.

While CenturyLink's operations on tribal lands are substantially the same as those on non-tribal lands, they differ on one substantial point. The acquisition of easements, rights-of-way, and licenses must comply with the specific requirements of each Tribal Entity and the Bureau of Indian Affairs. CenturyLink is diligent in making sure that it complies with the applicable requirements before building facilities on tribal lands.

CenturyLink's diligence extends to the manner in which it builds its network on tribal lands. To the extent possible its deployment of facilities is accomplished with sensitivity to the surroundings and consideration of any impact on the land and its people.

<1210> Terms & Conditions of Voice Telephony Lifeline Plans

CenturyLink has over 100 local exchange carriers (LECs) that serve as eligible telecommunications carriers (ETCs) providing Lifeline discounts on local telephone service for qualifying low-income customers in thirty-seven states. Each LEC's local tariff contains the terms and conditions of voice telephony service plans generally available to CenturyLink residential customers. Lifeline provides discounts on CenturyLink residential service plans that include voice telephony service. Lifeline discounts provided to qualified recipients include the \$9.25 per month federal discount plus state discounts, if available. Tribal Lifeline recipients receive an additional federal Lifeline discount of up to \$25 per month. Eligible residents residing on Tribal lands in areas where CenturyLink receives universal service high-cost support can also receive a Tribal Link Up credit of not more than \$100 against one customary service initiation fee at a primary residence.

CenturyLink's flat-rated residential service plans provide unlimited local calling. Lifeline discounts also may be applied to local residential service plans that include a certain amount of local minutes or calls at a flat-rate and then have additional charges for minutes or calls beyond those included in the plan. Lifeline discounts may be applied to bundled service packages that include voice telephony services, such as bundles with internet service and/or video service. Lifeline discounts may also apply to voice service plans that include optional calling features such as caller ID, call waiting, and voicemail.

Toll service is available to customers receiving Lifeline discounts in the same manner that it is available to non-Lifeline customers. Toll limitation service is available to Lifeline customers at no charge.
