DOCKET NO. 130002-EG  
ORDER NO. PSC-13-0495-CFO-EG  
ISSUED: October 18, 2013

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S REQUEST FOR  
CONFIDENTIAL CLASSIFICATION DOCUMENT NO. 02447-13

On May 2, 2013, pursuant to Rule 25-22.006, Florida Administrative Code, Florida Power and Light (FPL) filed a request for confidential classification (Request) of portions of Schedule CT-6 to Exhibit AS-1 (Document No. 02447-13). FPL asserts that the confidential information in the documents is intended to be proprietary, is treated as proprietary, and has not been publicly disclosed. FPL requests that the Commission grant confidential classification for the documents for a period of 18 months from the date of the issuance of this Order, pursuant to Section 366.093(4), Florida Statutes.

Section 366.093(1), Florida Statutes, provides that records that the Commission has found to contain proprietary confidential business information shall be kept confidential and shall be exempt from Chapter 119, Florida Statutes, Florida's Public Records Act. Section 366.093(3), Florida Statutes, defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), Florida Statutes, provides that proprietary confidential business information includes:

\* \* \*

- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

FPL asserts that the information for which it seeks confidential status contains sensitive competitive business information disclosing customer specific cost-effectiveness. Section 366.093(3)(e), F.S. provides the Commission may grant a confidential classification for proprietary confidential business information, the disclosure of which would impair the company's ability to contract for the sale of goods and services on favorable terms or cause harm to its ratepayers.

Upon review, I find that the information in Document No. 02447-13, as described in FPL's Request, satisfies the criteria set forth in Section 366.093(3)(e), F.S. The information contains competitive business information, the disclosure of which would impair the company's ability to compete for services and impair the competitive interests of its customers. Therefore, confidential classification for Document No. 02447-13, as detailed in the Request, is granted.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the information continues to contain proprietary confidential business information.

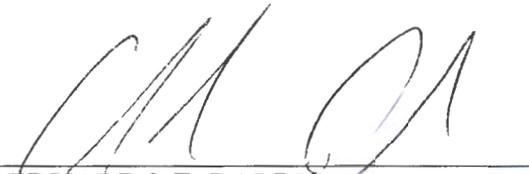

Based on the foregoing, it is

ORDERED by Commissioner Eduardo E. Balbis, as Prehearing Officer, that Florida Power & Light Company's Request for Confidential Classification of Document No. 02447-13, as detailed in the Request, shall be granted an 18 months of confidential classification. It is further

ORDERED that pursuant to Rule 25-22.066, F.A.C., and Section 366.093(3), F.S., confidentiality granted to the documents specified herein shall expire 18 months from the date of the issuance of this Order in the absence of a renewed request for confidentiality. It is further

ORDERED that this Order will be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period.

By ORDER of Commissioner Eduardo E. Balbis, as Prehearing Officer, this 18<sup>th</sup> day of October, 2013.
