ISSUED: November 1, 2013

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S REQUEST FOR
CONFIDENTIAL CLASSIFICATION (DOCUMENT NO. 06036-13)

On October 8, 2013, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed a request for confidential classification (Request) of certain information submitted by FPL pursuant to Audit Control No. 13-102-4-1 (the Audit) (Document No. 06036-13). This Request was filed in Docket No. 130001-EI.

Section 366.093(1), F.S., provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from Section 119.07(1), F.S., the Public Records Act." Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Paragraphs (3)(d) and (e) of Section 366.093, F.S., provide that proprietary confidential business information includes, but is not limited to "information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;" and "information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information."

FPL contends that the designated portions of the information contained in its responses to the Audit, as more specifically described in the line-by-line/field-by-field justification attached as Exhibit C to the Request, fall within these categories and, thus, constitutes proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. FPL states that this information is intended to be and is treated by FPL as private and has not been publicly disclosed.

FPL states that some of the documents contain proprietary confidential business information related to trade secrets. FPL asserts that this information is protected by Section 366.093(3)(a), F.S.

FPL also contends that certain documents contain information regarding internal auditing controls and reports of internal auditors. FPL argues that this information is protected by Sections 366.093(b), F.S.

FPL further asserts that certain documents contain information concerning bids and other contractual data, the disclosure of which would impair the efforts of FPL to contract for goods and services on favorable terms. FPL contends that this information is protected pursuant to Section 366.093(3)(d), F.S.

Additionally, FPL contends that some of the documents or materials contain information relating to competitive interests, the disclosure of which would impair the competitive business of FPL. FPL asserts that this information is protected pursuant to Section 366.093(3)(e), F.S.

Time Period For Confidential Classification

According to Section 366.093(4), F.S., confidential classification may only extend for 18 months from the issuance of an Order granting confidential classification unless “the Commission finds, for good cause, that the protection from disclosure shall be for a specified longer period.” FPL has not requested a period longer than the 18 months.

Ruling

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information constitutes “information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;” or “information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.” Thus, the information identified in Document No. 06036-13 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Eduardo E. Balbis, as Prehearing Officer, that Florida Power and Light Company’s Request for Confidential Classification of Document No. 06036-13 is granted. It is further

ORDERED that the information in Document No. 06036-13 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order will be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period.

By ORDER of Commissioner Eduardo E. Balbis, as Prehearing Officer, this 1st day
of November, 2013.
