Re: Docket No. 130258-GU - Petition for approval of tariff sheets reflecting gas service to customers in the City of Ft. Meade, by Florida Public Utilities Company.

Dear Ms . Cole:

Enclosed, please find the original and seven (7) copies of Florida Public Utilities Company's Original Volume No. 1, Natural Gas Tariff, Florida Public Utilities Company-Fort Meade Second **Corrected** Original Sheet No. 19, which replaces the same sheet filed on November 12.

As always, thank you for your assistance with this filing. Please do not hesitate to contact me if you have any questions whatsoever.

Sincerely,

Beth Keating

RULES AND REGULATIONS (Continued)

Recalculated AEP Charge and True-Up (Continued)

- b. For each Consumer premise that received gas service during the five (5) year period following the in-service date of an AEP extension of facilities, the Company shall determine the total AEP Recovery Amount collected from the initial AEP Charge during the Billing Months. Such amount shall be compared to the AEP Recovery Amount that would have been recovered for each premise if the Recalculated AEP Charge had been in effect over the respective Billing Months for each premise (the "True-up Amount".) A charge or credit for the True-up Amount shall be rendered by the Company to each premise within sixty (60) days of the end of the five (5) year period following the in-service date of an AEP extension of facilities, Where a True-up Amount results in a charge to Consumers, the Company may extend the payment period to recover the True-up Amount.
- c. Neither the initial AEP Charge or the Recalculated AEP Charge shall be billed to any Consumer premise that activates gas service from an AEP extension of facilities subsequent to the end of the five (5) year period following the in-service date of an AEP extension of facilities.
- d. Revenues from the AEP Charge shall be credited against the Company's distribution main plant account, except that the Company shall retain, as a return on its capital investment, a portion of such revenues equal to its allowed cost of capital.

D. Facilities

Facilities used to determine the estimated necessary cost of construction (maximum capital investment) shall include the estimated installed cost of required gas main lines, gas service lines, gas control devices, gas pressure regulating devices and gas metering devices.

Facilities shall not be extended on this basis to provide temporary service, service of a doubtful permanence, or which due to size, location or unusual characteristics of load would adversely affect the Company's ability to serve its existing customers.
