

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition for rate increase by Gulf Power Company.

DOCKET NO. 130140-EI
ORDER NO. PSC-13-0620-CFO-EI
ISSUED: November 25, 2013

ORDER GRANTING GULF POWER COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION
OF DOCUMENT NOS 01561-13, 05659-13 AND 06740-13

On April 1, 2013, September 24, 2013, and November 4, 2013, pursuant to Rule 25-22.006, Florida Administrative Code, Gulf Power Company (Gulf, Gulf Power, or Company), filed requests for confidential classification (Requests) of identified information in exhibit JOV-1 to James O. Vick's testimony and revisions thereto. The information relates to the Company's environmental compliance program. Gulf asserts that the identified information is intended to be proprietary, is treated as proprietary, and has not been publicly disclosed. Gulf asks that the Commission grant confidential classification to the documents pursuant to Section 366.093(3), Florida Statutes (F.S.).

Request for Confidential Classification

Section 366.093(1), F.S, provides that "any records received by the Commission which are shown and found by the Commission to be proprietary confidential business information shall be kept confidential and shall be exempt from Section 119.07(1) [the Public Records Act]." Pursuant to Section 366.093(3), F.S., proprietary confidential business information includes information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Confidential business information includes, but is not limited to, the following:

- "Security measures, systems, or procedures,"
- "Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms," and
- "Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information" *Id* at (c)-(e).

The information, identified with specific justification in Exhibits B and C of Gulf's Requests, consists of projected capital expenditures, projected operation and maintenance expenses, projected compliance alternatives, economic viability analysis, critical energy infrastructure information, and system reliability/security. The information is characterized by the Company as relating to competitive interests, and system reliability/security. The Company

asserts that the information “is intended to be, and is treated as, confidential by Gulf Power and . . . has not been otherwise publicly disclosed.” Gulf argues that disclosure of the information would impair its competitive business and its ability to procure goods and services on a fair and reasonable basis and could pose a security risk to Gulf’s system and to the bulk electric system as a whole. Thus, Gulf asserts that the information is entitled to confidential classification pursuant Section 366.093(c)-(e), F.S.

Ruling

Upon review, I find that the information identified in Document Nos. 01561-13, 05659-13, and 06740-13, as more specifically described in Exhibits B and C of the Requests, is treated by the Company as private, has not otherwise been disclosed, and is (a) contractual data, the disclosure of which would impair the efforts of the Company to contract for goods or services on favorable terms, (b) competitive interests, the disclosure of which would impair the competitive business of the provider of the information, or (c) security measures, systems, or procedures. I find that disclosure of the identified information would cause harm to Gulf’s business operations or could pose a security risk to Gulf’s system and to the bulk electric system as a whole. Thus, the information shall be granted confidential classification pursuant to Section 366.093(3), F.S .

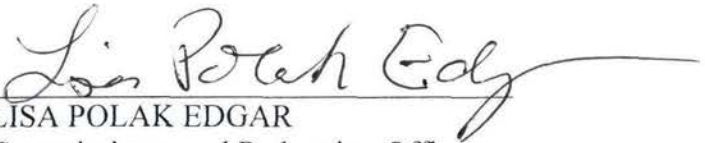

Based on the foregoing, it is

ORDERED by Commissioner Lisa Polak Edgar, as Prehearing Officer, that Gulf Power Company’s Request for Confidential Classification of specified information in Document Nos. 01561-13, 05659-13, and 06740-13, is granted. It is further,

ORDERED that the information in Document Nos. 01561-13, 05659-13, and 06740-13, for which confidential classification has been granted, shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless Gulf Power Company or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information. It is further,

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Lisa Polak Edgar, as Prehearing Officer, this 25th day of
November, 2013.
