**Florida law (366.03 General duties of public utility.—Each public utility shall furnish to each person applying therefor reasonably sufficient, adequate, and efficient service upon terms as required by the commission**

**I would like to hereby make the request for a formal hearing with the Florida Public Service Commission regarding the above Florida law which appears to be in direct violation of Florida Statute 366.03. The original complaint was listed as Complaint 1115382E – Ricca. I will be seeking compensation such that the utility company's requested CIAC charges be waived. Any fast track options available would be greatly appreciated considering the delay which has already occurred.**
