Issue 2: What is the appropriate initial customer deposit for Crestridge?

Recommendation: Staff recommends that an initial residential customer deposit of \$25.00 and an initial general service customer deposit of two-times the average bill should be approved. The Utility should file a revised tariff sheet and proposed notice consistent with the Commission's vote. The initial customer deposits should become effective for connections made on or after the stamped approval date of the revised tariff sheet after the customers have been notified.

Issue 3: Should this docket be closed?

Recommendation: No. If the issues are approved, the docket should remain open pending staff's verification that the revised tariff sheets and customer notice have been filed by the Utility and approved by staff. If no timely protest is filed, a consummating order should be issued and, once staff verifies that the notice of the charge has been given to customers, the docket should be administratively closed.
