STAFF'S FOURTH DATA REQUEST

John Wharton, Esq.
Dean Mead
215 South Monroe Street
Suite 815
Tallahassee, Florida 32301

Re: Docket No. 130230-SU - Application for amendment of territory for Certificate
No. 300-S in Lee County by Forest Utilities, Inc.

Dear Mr. Wharton:

By this letter the Commission staff requests that Forest Utilities, Inc. (Forest) provide responses to the following data requests:

1. What is the Lee County wastewater rate for 10" turbine meters for multi-family customers that are not individually metered? What gallonage charge does Lee county charge for multi-family customers that are not individually metered? Please provide a Lee County tariff showing the Lee County rates that are comparable to the Forest Utility, Inc. multi-family rates.
2. Please provide the Lee County tariff or rate under which Jamaica Bay is currently receiving bulk wastewater treatment from Lee County and a schedule of payments made by Jamaica Bay to Lee County for the last three years.
3. Please refer to your letter dated December 19, 2013 to Sonica Bruce. It appears that the revenue expected to be generated by sales to Jamaica Bay at the proposed multi-family retail rate for 2014 are \$419,794 and the expected additional costs to serve Jamaica Bay are \$100,720, resulting in additional net revenue of \$319,074. Is this correct?
4. Should Forest fail to meet the Flow Requirements by January 10, 2015 as required by Section 3 of the Supplement to Settlement Agreement and Jamaica Bay elect to continue to purchase bulk wastewater treatment from Lee County, will Jamaica Bay be required to pay Lee County an impact fee? If so, in what amount?
