**BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION**

IN RE: Petition for increase in rates by Florida  
Power & Light Company

Docket No: 120015-EI  
Date: February 14, 2013

**FLORIDA POWER AND LIGHT COMPANY'S FIRST REQUEST  
FOR EXTENSION OF CONFIDENTIAL CLASSIFICATION  
OF INFORMATION PROVIDED PURSUANT TO AUDIT NO. 12-100-4-1**

Pursuant to Section 366.093, Florida Statutes (2014) ("Section 366.093"), and Rule 25-22.006, Florida Administrative Code, Florida Power & Light Company ("FPL") hereby submits its First Request for Extension of Confidential Classification of Information Provided Pursuant to Audit No. 12-100-4-1 ("Confidential Information"). In support of this request, FPL states as follows:

1. On July 20, 2012 ("July 20, 2012 Request") FPL filed a Request for Confidential Classification of the Confidential Information. The July 20, 2012 Request included Exhibits A, B, C, and D. By Order No. PSC-12-0423-CFO-EI, dated August 15, 2012 ("Order 0423"), the Commission granted FPL's July 20, 2012 Request. FPL adopts and incorporates by reference the July 20, 2012 Request and Order 0423.

2. The period of confidential treatment granted by Order 0423 will soon expire. Some of the Confidential Information that was the subject of FPL's July 20, 2012 Request and Order 0423 warrants continued treatment as proprietary and confidential business information within the meaning of Section 366.093(3). Accordingly, FPL hereby submits its First Request for Extension of Confidential Classification.

3. Included with this Request are First Revised Exhibit A, First Revised Exhibit B, together with First Revised Exhibit C to reduce the number of pages for which confidential treatment is sought. FPL has identified in First Revised Exhibits A and B and Third Revised Exhibit C all of the information in the working papers that warrants continued confidential treatment. First Revised Exhibit C is a table that identifies the specific pages, lines or columns that remain confidential. The table also references the specific statutory bases for confidentiality and the affiants who support the requested classification.

4. Also included in support of this Extension Request is First Revised Exhibit D, which consists of the affidavits of Alissa Ballot, Maria V. Besada, Jacqueline Cabrera, Molly Carty, Amanda Finnis, Lisa Fuca, Shavaugn Hegley, Roxane R. Kennedy, Andrew Kushner, Antonio L. Maceo, Erica A. McNabb, Jonathan A. Nemes, Eduardo A. Prieto, Rhode T. Root, Solomon L. Stamm, Fabian J. Tejedor and Bruce R. Wuenker.

5. The Confidential Information continues to be treated by FPL as proprietary and confidential business information, and its disclosure would cause harm to FPL and its customers. Pursuant to Section 366.093, such materials are entitled to confidential treatment and are exempt from the disclosure provisions of the public records law. Thus, once the Commission determines that the information in question is proprietary confidential business information, the Commission is not required to engage in any further analysis or review such as weighing the harm of disclosure against the public interest in access to the information.

6. As the affidavits included in First Revised Exhibit D indicate, the Confidential Information includes information relating to internal auditing controls and reports of internal auditors. Such information is protected by section 366.093(3)(b), Florida Statutes.

7. Additionally, the information provided by FPL includes information relating to security measures, systems, or procedures. This information includes, but is not limited to, auditors' notes describing various FPL security features at FPL facilities. Such information is protected by section 366.0093(3)(c), Florida Statutes.

8. The information provided by FPL also includes information concerning bids or other contractual data, the disclosure of which would impair FPL's efforts to contract for goods and services on favorable terms in the future. Such information is protected by section 366.093(3)(d), Florida Statutes.

9. The information provided by FPL also includes information that is competitively sensitive, and its disclosure would impair the competitive interests of FPL, its vendors or other third persons. Such information is protected by section 366.093(3)(e), Florida Statutes. *See* Order No. PSC-05-0626-PCO-E1, issued June 7, 2005, Docket No. 050078-EI, *In re: Petition for rate increase by Progress Energy Florida, Inc.*; Order No. PSC-02-1755-CFO-GU, issued December 12, 2002, Docket No. 020384-GU, *In re: Petition for rate increase by Peoples Gas System.*

10. Nothing has changed since the Commission entered Order 0423 to render the Confidential Information identified in First Revised Exhibit C stale or public, such that continued confidential treatment would not be appropriate.

11. Upon a finding by the Commission that the Confidential Information remains proprietary and confidential business information, the information should not be declassified for at least an additional eighteen (18) month period and should be returned to FPL as soon as it is no longer necessary for the Commission to conduct its business. *See* § 366.093(4), Fla. Stat. (2014).

**WHEREFORE**, for the above and foregoing reasons, as more fully set forth in the supporting materials and affidavits included herewith, Florida Power & Light Company respectfully requests that its First Request for Extension of Confidential Classification be granted.

Respectfully submitted,

**AFFIDAVIT OF ALISSA E. BALLOT**

1. My name is Alissa E. Ballot. I currently serve as Vice President & Corporate Secretary of NextEra Energy, Inc. ("NEE") and Florida Power & Light Company ("FPL"). My business address is 700 Universe Boulevard, Juno Beach, Florida 33408. I have personal knowledge of the matters stated in this affidavit.

2. I have reviewed the documents that are included in First Revised Exhibit A to FPL's First Request for Extension of Confidential Classification of Information Obtained in Connection with Audit No. 12-100-4-1, for which I am listed as the affiant on First Revised Exhibit C. The documents or materials that I have reviewed and which are asserted by NextEra and FPL to be proprietary confidential business information include contractual data, the disclosure of which would impair the efforts of NextEra and FPL to contract for goods and services on favorable terms. The documents or materials also contain or constitute information relating to competitive interests, the disclosure of which would impair NextEra and FPL's competitive business. Specifically, the information includes NextEra and FPL board of director minutes and notes regarding negotiated credit terms. The information also describes plans and decisions regarding dividend distribution, and discussion related to business strategies. To the best of my knowledge, NextEra and FPL have maintained the confidentiality of these documents and materials.

3. Nothing has occurred since the issuance of Order No. PSC-12-0423-CFO-EI to render the information stale or public, such that continued confidential treatment would not be appropriate. Therefore, the information should remain confidential for a period of at least an additional eighteen (18) months. These materials should be returned to NextEra and FPL as soon as the information is no longer necessary for the Commission to conduct its business so that NextEra and FPL can continue to maintain the confidentiality of these documents.

4. Affiant says nothing further.

2. I have reviewed the documents that are included in First Revised Exhibit A to FPL's First Request for Extension of Confidential Classification of Information Obtained in Connection with Audit No. 12-100-4-1, for which I am listed as the affiant on First Revised Exhibit C. The documents or materials that I have reviewed and which are asserted by FPL to be proprietary confidential business information constitute contractual data, the disclosure of which would impair the efforts of FPL to contract for goods and services on favorable terms. Specifically, the information relates to FPL's competitively placed insurance program. In addition, the documents and materials that I have reviewed also include information relating to competitive interests, the disclosure of which would impair the competitive business of its provider. Specifically, the documents include terms and pricing of services for FPL by the entity administering the insurance program. The continued confidentiality of this information allows FPL to maintain low insurance costs for FPL, which benefits FPL's customers. To the best of my knowledge, FPL has maintained the confidentiality of these documents and materials.

3. Nothing has occurred since the issuance of Order No. PSC-12-0423-CFO-EI to render the information stale or public, such that continued confidential treatment would not be appropriate. Therefore, the information should remain confidential for a period of at least an additional eighteen (18) months. These materials should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business so that FPL can continue to maintain the confidentiality of these documents.

4. Affiant says nothing further.
