Re: Commission review of numeric conservation goals
(Tampa Electric Company); FPSC Docket No. 130201-EI

Dear Ms. Stauffer:

Enclosed for filing in the above docket are the original and fifteen (15) copies of Tampa Electric Company's Objections to the Sierra Club's First Set of Interrogatories (Nos. 1-19) and First Request for Production of Documents (No. 1).

Please acknowledge receipt and filing of the above by stamping the duplicate copy of this letter and returning same to this writer.

Thank you for your assistance in connection with this matter.

Sincerely,

James D. Beasley

**TAMPA ELECTRIC COMPANY'S
OBJECTIONS TO THE SIERRA CLUB'S
FIRST SET OF INTERROGATORIES (NOS. 1-19) AND
FIRST REQUEST FOR PRODUCTION OF DOCUMENTS (NO. 1)**

Tampa Electric Company ("Tampa Electric" or the "company"), pursuant to Rule 1.430 and 1.350, Florida Rules of Civil Procedure, Rule 28-106.206, Florida Administrative Code and this Commission's Order Establishing Procedure PSC-13-0386-PCO-EI, submits the following objections to the Sierra Club's First Set of Interrogatories (Nos. 1-19) and First Request for Production of Documents (No. 1).

I. Preliminary Nature of These Objections

1. Tampa Electric objections stated herein are preliminary in nature. Tampa Electric is furnishing its objections consistent with the time frame set forth in the Commission's Order

Establishing Procedure, Order No. PSC-13-0386-PCO-EI, and Rule 1.190(e), Florida Rules of Civil Procedure. Should additional grounds for objection be discovered as Tampa Electric develops its responses, Tampa Electric reserves the right to supplement or modify its objections up to the time it serves its responses. Should Tampa Electric determine that a protective order is necessary regarding any of the information requested of Tampa Electric, Tampa Electric reserves the right to file a motion with the Commission seeking such an order at the time its response is due.

II. General Objections

2. Tampa Electric objects to each and every interrogatory ("IRR") and request for production of documents ("POD") to the extent that it calls for information protected by the attorney-client privilege, the work product doctrine, the accountant-client privilege, the trade secret privilege, or any other applicable privilege or protection afforded by law, whether such privilege or protection appears at the time response is first made or is later determined to be applicable for any reason. Tampa Electric in no way intends to waive such privilege or protection. The nature of the document(s), if any, will be described in a privilege log prepared by Tampa Electric.

3. In certain circumstances, Tampa Electric may determine, upon investigation and analysis, that information responsive to certain discovery requests to which objections are not otherwise asserted are confidential and proprietary and should be produced only with provisions in place to protect the confidentiality of the information, if at all. By agreeing to provide such information in response to such request, Tampa Electric is not waiving its right to insist upon appropriate protection of confidentiality by means of a protective order or other action to protect the confidential information requested. Tampa Electric asserts its right to require such protection

of any and all documents that may qualify for protection under the Florida Rules of Civil Procedure and other applicable statutes, rules and legal principles.

4. Tampa Electric is a large corporation with employees located in many different locations. In the course of its business, Tampa Electric creates numerous documents that are not subject to Florida Public Service Commission or other governmental record retention requirements. These documents are kept in numerous locations and frequently are moved from site to site as employees change jobs or as business is reorganized. Therefore, it is possible that not every relevant document may have been consulted in developing Tampa Electric's response. Rather, these responses provide all the information that Tampa Electric obtained after a reasonable and diligent search conducted in connection with this discovery request. To the extent that the discovery requests propose to require more, Tampa Electric objects on the grounds that compliance would impose an undue burden or expense on Tampa Electric.

5. Tampa Electric objects to each request to the extent that it seeks information that is duplicative or not relevant to the subject matter of this docket and is not reasonably calculated to lead to the discovery of admissible evidence.

6. Tampa Electric objects to each request to the extent it is vague, ambiguous, overly broad, imprecise, or utilizes terms that are subject to multiple interpretations but are not properly defined or explained for purposes of such discovery requests.

7. Tampa Electric also objects to these discovery requests to the extent they call for Tampa Electric to prepare information in a particular format or perform calculations or analyses not previously prepared or performed as purporting to expand Tampa Electric's obligations under applicable law. Tampa Electric will comply with its obligations under the applicable rules of procedure.

8. Tampa Electric objects to providing information to the extent that such information is already in the public record before a public agency and available through normal procedures or is readily accessible through legal search engines.

9. Tampa Electric objects to any definition or instruction or question in any IRR or POD that seeks information from persons or entities who are not parties to this proceeding or that are not subject to discovery under applicable rules.

10. Tampa Electric objects to each and every discovery request that calls for the production of documents and/or disclosure of information from any entity other than Tampa Electric that does not deal with transactions or cost allocations between Tampa Electric and any other entity. Such documents and/or information do not affect Tampa Electric's rates or cost of service to Tampa Electric's customers. Therefore, those documents and/or information are irrelevant and not reasonably calculated to lead to the discovery of admissible evidence. Furthermore, Tampa Electric is the party appearing before the Florida Public Service Commission in this docket. To require any non-regulated entities to participate in irrelevant discovery is by its very nature unduly burdensome and overbroad. Subject to, and without waiving, any other objections, Tampa Electric will respond to the extent the request pertains to Tampa Electric or Tampa Electric's rates or cost of service charged to Tampa Electric's customers. To the extent any responsive documents contain irrelevant affiliate information as well as information related to Tampa Electric and Tampa Electric's rates or cost of service charged to its customers, Tampa Electric may redact the irrelevant affiliate information from the responsive documents.

11. Tampa Electric objects to any production location other than at its Tampa office, located at 702 North Franklin Street, Tampa, Florida 33602, unless otherwise agreed by the parties.

12. Tampa Electric objects to each and every discovery request and any instructions that purport to expand Tampa Electric's obligations under applicable law.

13. In addition, Tampa Electric reserves its right to count discovery requests and their sub-parts, as permitted under the applicable rules of procedure, in determining whether it is obligated to respond to additional discovery requests served by any party.

14. Tampa Electric expressly reserves and does not waive any and all obligations it may have to the admissibility, authenticity or relevancy of the information provided in its responses.

15. Tampa Electric objects to any attempt by the party seeking discovery to evade any numerical limitations set on interrogatories or requests by asking multiple independent discovery requests within single individual discovery requests and subparts thereof. By making these general objections at this time, Tampa Electric does not waive or relinquish its right to assert additional general and specific objections to the subject discovery at the time Tampa Electric's response is due.

16. Subject to the foregoing general objections, Tampa Electric will attempt to respond to all relevant IRRs and PODs in a timely manner.

DATED this 11th day of April, 2014.

Respectfully submitted,
