Re: Remaining Pro forma Items Docket No. 110238-WU - Application for staff-assisted rate case in Polk County by Sunrise Utilities, LLC.

Dear Ms. Szabo:

I am requesting an update on the Pro forma items that have not been completed in Docket 110238-WU. You may recall in your letter dated November 23, 2013, you requested an extension for up to one year on certain items that have not been completed. I believe these items are as follows:

Item	Pro forma Plant Items	Approved Amount
2.	Replace piping between well and tank	\$2,400
3.	Replace isolation valves	\$2,713

If I am incorrect in my assessment of your letter and invoices, please let me know the correct items that remain to be completed. Otherwise, please provide an anticipated completion date for these two items. Once the Pro forma items are completed and the necessary tariffs and customer notices are filed, the Phase II rates would be implemented and the docket finalized.

Please contact me if you have any questions or additional concerns. My e-mail address is pvickery@psc.state.fl.us or by telephone (850) 413-6592.

Respectfully,

Paul Vickery
Bureau Chief, Reliability and Resource Planning
Division of Engineering
