Re: Docket No. 140025-EI, Application for Rate Increase by Florida Public Utilities Company

Dear Mr. Householder:

In accordance with Chapter 366, Florida Statutes, and Rule 25-6.043, Florida Administrative Code (F.A.C.), the Company's April 28, 2014 petition for an increase in its rates and charges for electric service must be accompanied by certain minimum filing requirements (MFRs) in support of the requested increase. On May 29, 2014, Florida Public Utilities Company (Company) filed its revised/corrected Schedules B and C in the above referenced docket to address minimum filing requirements (MFRs) deficiencies identified in my May 21, 2014 letter to you on this matter. We have reviewed the Company's filing and have determined that the Company's filing has met the MFRs imposed by Rule 25-6.043, F.A.C.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Handwritten signature of James W. Dean in black ink.

James W. Dean
