**Re: Docket No. 140000-OT: Undocketed Filings for 2014**

Dear Ms. Stauffer:

Attached for electronic filing on behalf of the Associated Gas Distributors of Florida (AGDF), please find the revised Program Descriptions and Standards for the Commercial Conservation Programs approved by Commission Order No. PSC-14-0039-PAA-EG, as amended by Order No. PSC-14-0039A-PAA-EG, issued in Docket No. 130167-EG. The program descriptions attached hereto have been revised in response to Commission staff's request and replace the versions filed in the above-referenced undocketed file on February 11, 2014.

As always, please do not hesitate to contact me if you have any questions or concerns whatsoever.

Sincerely,

Beth Keating

# AGDF Commercial Conservation Program Descriptions & Standards

## Florida Division of Chesapeake Utilities Corporation (Central Florida Gas-CFG)

### **Program:** Small Food Service Commercial Conservation Rebate Program

**Program Description:** The Small Food Service Commercial Conservation Rebate Program is designed to encourage owners and operators of small food service restaurants to purchase energy efficient natural gas appliances through the offering of commercial appliance rebates. The rebates offered within this program are limited to the specific appliance type and rebate categories depicted in the Program Criteria below.

**Program Authorization:** The Small Food Service Commercial Conservation Rebate Program is consistent with the intent of ss.366.80, F.S., the Florida Energy Efficiency and Conservation Act (FEECA), Commission Rule 25-17.001(5)(f), F.A.C., and PSC Order No PSC-14-0039-PAA-EG.

**Program Criteria:** The rebates offered within the Small Food Service Commercial Conservation Rebate Program are applicable to the following type of commercial natural gas customer classes:

Small Commercial Food Service: (Commercial Food Service customers with annual consumption of less than 9,000 therms) Commercial Food Service is Defined as Establishments primarily engaged in the retail sale of prepared food and drinks for on-premise or immediate consumption. Caterers and industrial and institutional food service establishments are also included in this industry.

The rebates offered within this program are applicable to the following 3 types of rebate categories:

1. New Construction: (New bricks & mortar, complete renovation, change of occupancy)
  - Up to a \$10,000 limit per year (12 months following issuance of rebate payment) aggregate of all appliance rebates regardless of appliance type per account location.
2. Replacement: ( Exchanging an electric appliance with a natural gas appliance)
3. Retention: ( Replacing a qualified\* older natural gas appliance with a natural gas appliance)
  - \*Qualified appliances shall have totally failed or be deemed by the utility to be eligible for replacement.
  - Up to a \$10,000 limit per year (12 months following issuance of rebate payment) aggregate of all appliance rebates regardless of appliance type per account location.

The list below consists of the appliances rebates that are eligible for each building type

1. Small Commercial Food Service:
  - a. Water Heater
  - b. Tankless Water Heater
  - c. Fryer
  - d. Range

### **Eligibility Requirements:**

1. All appliance installation must be accessible and are subject to verification by CFG.
2. The contractor performing the installation must comply with all local, state & federal rules & codes.
3. The contractor performing the installation must be appropriately licensed and insured for the work performed.
4. CFG reserves the right to develop a list of all contractors participating in this program.
5. All rebate applications must be submitted to CFG within 12 months of installation
6. Additional commercial rebate processing requirements can be found at [www.fpuc.com](http://www.fpuc.com)

### **Rebate Dollar Amount Table:** Small Food Service Commercial Conservation Rebate Program

Appliance	New Construction	Replacement	Retention
Water Heater	\$1,000	\$1,500	\$1,000
Tankless Water Heater	\$2,000	\$2,500	\$2,000
Fryer	\$3,000	\$3,000	\$3,000
Range	\$1,000	\$1,500	\$1,000

### **Program:** Cleaning Service & Laundromat Conservation Rebate Program

**Program Description:** The Cleaning Service & Laundromat Conservation Rebate Program is designed to encourage owners and operators of Cleaning Service & Laundromat facilities to purchase energy efficient natural gas appliances through the offering of commercial appliance rebates. The rebates offered within this program are limited to the specific appliance type and rebate categories depicted in the Program Criteria below.

**Program Authorization:** The Cleaning Service & Laundromat Conservation Rebate Program is consistent with the intent of ss.366.80, F.S., the Florida Energy Efficiency and Conservation Act (FEECA), Commission Rule 25-17.001(5)(f), F.A.C., and PSC Order No PSC-14-0039-PAA-EG.

**Program Criteria:** The rebates offered within the Cleaning Service & Laundromat Conservation Rebate Program are applicable to the following type of commercial natural gas customer classes:

Cleaning Service & Laundromat: Commercial Cleaning Service and Laundromat customers are defined as establishments primarily engaged in operating mechanical laundries with steam or other power.  
Establishments primarily engaged in supplying laundered work clothing on a contract or fee basis

The rebates offered within this program are applicable to the following 3 types of rebate categories:

1. New Construction: (New bricks & mortar, complete renovation, change of occupancy)
  - Up to a \$10,000 limit per year (12 months following issuance of rebate payment) aggregate of all appliance rebates regardless of appliance type per account location.
2. Replacement: ( Exchanging an electric appliance with a natural gas appliance)
3. Retention: ( Replacing a qualified\* older natural gas appliance with a natural gas appliance)
  - \*Qualified appliances shall have totally failed or be deemed by the utility to be eligible for replacement.
  - Up to a \$10,000 limit per year (12 months following issuance of rebate payment) aggregate of all appliance rebates regardless of appliance type per account location.

The list below consists of the appliances rebates that are eligible for each building type

1. Cleaning Service and Laundromat:
  - a. Water Heater
  - b. Tankless Water Heater
  - c. Dryer

### **Eligibility Requirements:**

1. All appliance installation must be accessible and are subject to verification by FCG.
2. The contractor performing the installation must comply with all local, state & federal rules & codes.
3. The contractor performing the installation must be appropriately licensed and insured for the work performed.
4. FCG reserves the right to develop a list of all contractors participating in this program.
5. All rebate applications must be submitted to FCG within 12 months of installation
6. Additional commercial rebate processing requirements can be found at [www.floridacitygas.com](http://www.floridacitygas.com)

### **Rebate Dollar Amount Table:** Cleaning Service & Laundromat:

<b>Appliance</b>	<b>New Construction</b>	<b>Replacement</b>	<b>Retention</b>
Water Heater	\$1,500	\$2,000	\$1,500
Tankless Water Heater	\$2,000	\$2,500	\$2,000
Dryer	\$1,500	\$1,500	\$1,500

**Program Criteria:** The rebates offered within the Cleaning Service & Laundromat Conservation Rebate Program are applicable to the following type of commercial natural gas customer classes:

Cleaning Service & Laundromat: Commercial Cleaning Service and Laundromat customers are defined as establishments primarily engaged in operating mechanical laundries with steam or other power.  
Establishments primarily engaged in supplying laundered work clothing on a contract or fee basis

The rebates offered within this program are applicable to the following 3 types of rebate categories:

1. New Construction: (New bricks & mortar, complete renovation, change of occupancy)
  - Up to a \$10,000 limit per year (12 months following issuance of rebate payment) aggregate of all appliance rebates regardless of appliance type per account location.
2. Replacement: ( Exchanging an electric appliance with a natural gas appliance)
3. Retention: ( Replacing a qualified\* older natural gas appliance with a natural gas appliance)
  - \*Qualified appliances shall have totally failed or be deemed by the utility to be eligible for replacement.
  - Up to a \$10,000 limit per year (12 months following issuance of rebate payment) aggregate of all appliance rebates regardless of appliance type per account location.

The list below consists of the appliances rebates that are eligible for each building type

1. Cleaning Service and Laundromat:
  - a. Water Heater
  - b. Tankless Water Heater
  - c. Dryer

### **Eligibility Requirements:**

1. All appliance installation must be accessible and are subject to verification by FPU-I.
2. The contractor performing the installation must comply with all local, state & federal rules & codes.
3. The contractor performing the installation must be appropriately licensed and insured for the work performed.
4. FPU-I reserves the right to develop a list of all contractors participating in this program.
5. All rebate applications must be submitted to FPU-I within 12 months of installation
6. Additional commercial rebate processing requirements can be found at [www.fpuc.com](http://www.fpuc.com)

### **Rebate Dollar Amount Table:** Cleaning Service & Laundromat:

<b>Appliance</b>	<b>New Construction</b>	<b>Replacement</b>	<b>Retention</b>
Water Heater	\$1,000	\$1,000	\$1,000
Tankless Water Heater	\$1,250	\$1,250	\$1,250
Dryer	\$500	\$500	\$500

### **Program:** Small Food Service Commercial Conservation Rebate Program

**Program Description:** The Small Food Service Commercial Conservation Rebate Program is designed to encourage owners and operators of small food service restaurants to purchase energy efficient natural gas appliances through the offering of commercial appliance rebates. The rebates offered within this program are limited to the specific appliance type and rebate categories depicted in the Program Criteria below.

**Program Authorization:** The Small Food Service Commercial Conservation Rebate Program is consistent with the intent of ss.366.80, F.S., the Florida Energy Efficiency and Conservation Act (FEECA), Commission Rule 25-17.001(5)(f), F.A.C., and PSC Order No PSC-14-0039-PAA-EG.

**Program Criteria:** The rebates offered within the Small Food Service Commercial Conservation Rebate Program are applicable to the following type of commercial natural gas customer classes:

Small Commercial Food Service: (Commercial Food Service customers with annual consumption of less than 9,000 therms) Commercial Food Service is Defined as Establishments primarily engaged in the retail sale of prepared food and drinks for on-premise or immediate consumption. Caterers and industrial and institutional food service establishments are also included in this industry.

The rebates offered within this program are applicable to the following 3 types of rebate categories:

1. New Construction: (New bricks & mortar, complete renovation, change of occupancy)
  - Up to a \$10,000 limit per year (12 months following issuance of rebate payment) aggregate of all appliance rebates regardless of appliance type per account location.
2. Replacement: ( Exchanging an electric appliance with a natural gas appliance)
3. Retention: ( Replacing a qualified\* older natural gas appliance with a natural gas appliance)
  - \*Qualified appliances shall have totally failed or be deemed by the utility to be eligible for replacement.
  - Up to a \$10,000 limit per year (12 months following issuance of rebate payment) aggregate of all appliance rebates regardless of appliance type per account location.

The list below consists of the appliances rebates that are eligible for each building type

1. Small Commercial Food Service:
  - a. Water Heater
  - b. Tankless Water Heater
  - c. Fryer
  - d. Range

### **Eligibility Requirements:**

1. All appliance installation must be accessible and are subject to verification by PEOPLES GAS.
2. The contractor performing the installation must comply with all local, state & federal rules & codes.
3. The contractor performing the installation must be appropriately licensed and insured for the work performed.
4. PEOPLES GAS reserves the right to develop a list of all contractors participating in this program.
5. All rebate applications must be submitted to PEOPLES GAS within 12 months of installation
6. Additional commercial rebate processing requirements can be found at [www.peoplesgas.com](http://www.peoplesgas.com)

### **Rebate Dollar Amount Table:** Small Food Service Commercial Conservation Rebate Program

Appliance	New Construction	Replacement	Retention
Water Heater	\$1,000	\$1,500	\$1,000
Tankless Water Heater	\$2,000	\$2,500	\$2,000
Fryer	\$3,000	\$3,000	\$3,000
Range	\$1,000	\$1,500	\$1,000
