Dear Eduardo Balbis,

I am writing because I am concerned about outside groups like the Southern Alliance for Clean Energy, which purport to be about what's best from Florida, but actually are funded by out-of-state interests. Florida has already imposed enough regulations on its energy sector. I can't afford to pay more to keep my home cool just to satisfy an interest group's agenda. Please oppose outside groups like SACE and do what is best for me -- help me keep my bills paid and my lights on. Thank you for your consideration.

Sincerely,  
Susan Montcalm

Dear Eduardo Balbis,

I am writing because I am concerned about outside groups like the Southern Alliance for Clean Energy, which purport to be about what's best from Florida, but actually are funded by out-of-state interests. Florida has already imposed enough regulations on its energy sector. I can't afford to pay more to keep my home cool just to satisfy an interest group's agenda. Please oppose outside groups like SACE and do what is best for me -- help me keep my bills paid and my lights on. Thank you for your consideration.

Sincerely,  
Theresa McKeon

I'm very concerned about outside groups like the Southern Alliance for Clean Energy, which purport to be about what's best from Florida, but actually are funded by out-of-state interests. Florida has already imposed enough regulations on its energy sector. I can't afford to pay more to keep my home cool or warm just to satisfy an interest group's agenda. Dear Ronald Brise,

I am writing because I am concerned about outside groups like the Southern Alliance for Clean Energy, which purport to be about what's best from Florida, but actually are funded by out-of-state interests. Florida has already imposed enough regulations on its energy sector. I can't afford to pay more to keep my home cool just to satisfy an interest group's agenda. Please oppose outside groups like SACE and do what is best for me -- help me keep my bills paid and my lights on. Thank you for your consideration.

Dear Eduardo Balbis,

I am writing because I am concerned about outside groups like the Southern Alliance for Clean Energy, which purport to be about what's best from Florida, but actually are funded by out-of-state interests. Florida has already imposed enough regulations on its energy sector. I can't afford to pay more to keep my home cool just to satisfy an interest group's agenda. Please oppose outside groups like SACE and do what is best for me -- help me keep my bills paid and my lights on. Thank you for your consideration.

Sincerely,  
BARBARA CARACCILO

Dear Eduardo Balbis,

I am writing because I am concerned about outside groups like the Southern Alliance for Clean Energy, which purport to be about what's best from Florida, but actually are funded by out-of-state interests. Florida has already imposed enough regulations on its energy sector. I can't afford to pay more to keep my home cool just to satisfy an interest group's agenda. Please oppose outside groups like SACE and do what is best for me -- help me keep my bills paid and my lights on. Thank you for your consideration.

Sincerely,  
Charles Palmer

Dear Eduardo Balbis,

I am writing because I am concerned about outside groups like the Southern Alliance for Clean Energy, which purport to be about what's best from Florida, but actually are funded by out-of-state interests. Florida has already imposed enough regulations on its energy sector. I can't afford to pay more to keep my home cool just to satisfy an interest group's agenda. Please oppose outside groups like SACE and do what is best for me -- help me keep my bills paid and my lights on. Thank you for your consideration.

Sincerely,  
B. J. West

I don't want out-of-state groups like the SACE, to dictate anything in my home state of Florida! They've got selfish reason for trying to become involved in this state. Keep them out. Florida already has too many regulations on our energy suppliers. Maybe you can but I can't afford to pay more to keep my home cool just to placate a kooky "green" group. I am writing because I am concerned about outside groups like the Southern Alliance for Clean Energy, which purport to be about what's best from Florida, but actually are funded by out-of-state interests. Florida has already imposed enough regulations on its energy sector. I can't afford to pay more to keep my home cool just to satisfy an interest group's agenda. Please oppose outside groups like SACE and do what is best for me -- help me keep my bills paid and my lights on. Thank you for your consideration.

Sincerely,

Dear Eduardo Balbis,

I am writing because I am concerned about outside groups like the Southern Alliance for Clean Energy, which purport to be about what's best for Florida, but actually are funded by out-of-state interests. Florida has already imposed enough regulations on its energy sector. I can't afford to pay more to keep my home cool just to satisfy an interest group's agenda. Please oppose outside groups like SACE and do what is best for me -- help me keep my bills paid and my lights on. Thank you for your consideration.

Sincerely,  
David Griffin

Dear Eduardo Balbis,

I am writing because I am concerned about outside groups like the Southern Alliance for Clean Energy, which purport to be about what's best from Florida, but actually are funded by out-of-state interests. Florida has already imposed enough regulations on its energy sector.

**I CAN'T AFFORD TO PAY MORE TO KEEP MY HOME COOL JUST TO SATISFY AN INTEREST GROUP'S AGENDA!**

Please oppose outside groups like SACE and do what is best for me -- help me keep my bills paid and my lights on.

**I WILL REMEMBER HOW YOU HANDLE THIS ISSUE AT THE VOTING BOOTH!**

Thank you for your consideration.

Sincerely,  
Gail Rodriguez

Dear Eduardo Balbis,

I am writing because I am concerned about outside groups like the Southern Alliance for Clean Energy, which purport to be about what's best from Florida, but actually are funded by out-of-state interests. Florida has already imposed enough regulations on its energy sector. I can't afford to pay more to keep my home cool just to satisfy an interest group's agenda. Please oppose outside groups like SACE and do what is best for me -- help me keep my bills paid and my lights on. Thank you for your consideration.

Sincerely,  
michael hendry

Dear Eduardo Balbis,

Look at Europe --countries in the EU went down the road being pushed by groups like the Southern Alliance for Clean Energy and are suffering for it. many, like Spain and even Germany, are coming back to their senses and going back to coal to regain what they've lost by the wasteful green energy fad.

Florida has already imposed enough counter-productive regulations on its energy sector esp. under Gov Crist. People at the lowest income levels suffer most but we all pay for the silly global warming morons' idea of saving the planet. Poor people with shackles of high energy costs get poorer to make some heirs and heiresses pleased with themselves for forcing their baseless green agenda..

Please oppose outside faddist/political groups like SACE and do what is best for Florida. -- help us continue to prosper in freedom by not being prohibited to use our God-given resources in a responsible manner. Thank you for doing the right thing.

Dear Eduardo Balbis,

I am writing because I am concerned about outside groups like the Southern Alliance for Clean Energy, which purport to be about what's best from Florida, but actually are funded by out-of-state interests. Florida has already imposed enough regulations on its energy sector. I can't afford to pay more to keep my home cool just to satisfy an interest group's agenda. Please oppose outside groups like SACE and do what is best for me -- help me keep my bills paid and my lights on. Thank you for your consideration.

Sincerely,  
Patrick Ramsey

Dear Eduardo Balbis,

Look at Europe --countries in the EU went down the road being pushed by groups like the Southern Alliance for Clean Energy and are suffering for it. many, like Spain and even Germany, are coming back to their senses and going back to coal to regain what they've lost by the wasteful green energy fad.

Florida has already imposed enough counter-productive regulations on its energy sector esp. under Gov Crist. People at the lowest income levels suffer most but we all pay for the silly global warming morons' idea of saving the planet. Poor people with shackles of high energy costs get poorer to make some heirs and heiresses pleased with themselves for forcing their baseless green agenda..

Please oppose outside faddist/political groups like SACE and do what is best for Florida. -- help us continue to prosper in freedom by not being prohibited to use our God-given resources in a responsible manner. Thank you for doing the right thing.

I am writing because I am concerned about outside groups like the Southern Alliance for Clean Energy (SACE), which purport to be about what's best from Florida, but actually are funded by out-of-state interests.

Florida has already imposed enough regulations on its energy sector. I can't afford to pay more to keep my home cool just to satisfy an interest group's agenda. Please oppose outside groups like SACE and do what is best for me -- help me keep my bills paid and my lights on. Thank you for your consideration.

Sincerely,  
Gerald Misener

Dear Eduardo Balbis,

Look at Europe --countries in the EU went down the road being pushed by groups like the Southern Alliance for Clean Energy and are suffering for it. many, like Spain and even Germany, are coming back to their senses and going back to coal to regain what they've lost by the wasteful green energy fad.

Florida has already imposed enough counter-productive regulations on its energy sector esp. under Gov Crist. People at the lowest income levels suffer most but we all pay for the silly global warming morons' idea of saving the planet. Poor people with shackles of high energy costs get poorer to make some heirs and heiresses pleased with themselves for forcing their baseless green agenda..

Please oppose outside faddist/political groups like SACE and do what is best for Florida. -- help us continue to prosper in freedom by not being prohibited to use our God-given resources in a responsible manner. Thank you for doing the right thing.

Sincerely,  
George Blumel

Dear Eduardo Balbis,

I am writing because I am concerned about outside groups like the Southern Alliance for Clean Energy, which purport to be about what's best from Florida, but actually are funded by out-of-state interests. Florida has already imposed enough regulations on its energy sector. I can't afford to pay more to keep my home cool just to satisfy an interest group's agenda. Please oppose outside groups like SACE and do what is best for me -- help me keep my bills paid and my lights on. Thank you for your consideration.

Sincerely,  
Amy Richardson

Dear Eduardo Balbis,

I am writing because I am concerned about outside groups like the Southern Alliance for Clean Energy, which purport to be about what's best from Florida, but actually are funded by out-of-state interests. Florida has already imposed enough regulations on its energy sector. I can't afford to pay more to keep my home cool just to satisfy an interest group's agenda. Please oppose outside groups like SACE and do what is best for me -- help me keep my bills paid and my lights on. Thank you for your consideration.

Sincerely,  
Patrick Ramsey

Dear Eduardo Balbis,

Look at Europe --countries in the EU went down the road being pushed by groups like the Southern Alliance for Clean Energy and are suffering for it. many, like Spain and even Germany, are coming back to their senses and going back to coal to regain what they've lost by the wasteful green energy fad.

Florida has already imposed enough counter-productive regulations on its energy sector esp. under Gov Crist. People at the lowest income levels suffer most but we all pay for the silly global warming morons' idea of saving the planet. Poor people with shackles of high energy costs get poorer to make some heirs and heiresses pleased with themselves for forcing their baseless green agenda..

Please oppose outside faddist/political groups like SACE and do what is best for Florida. -- help us continue to prosper in freedom by not being prohibited to use our God-given resources in a responsible manner. Thank you for doing the right thing.

Sincerely,  
George Blumel

I am writing because I am concerned about outside groups like the Southern Alliance for Clean Energy, which purport to be about what's best from Florida, but actually are funded by out-of-state interests. Florida has already imposed enough regulations on its energy sector. I can't afford to pay more to keep my home cool just to satisfy an interest group's agenda. Please oppose outside groups like SACE and do what is best for me -- help me keep my bills paid and my lights on. Thank you for your consideration.

Sincerely,  
Bill Brockett

Dear Eduardo Balbis,

I am Debbi Schaefer and I'm writing because of my deep concern about outside groups like the Southern Alliance for Clean Energy, which purport to be about what's best for Florida, but actually are funded by out-of-state interests. Florida has already imposed enough regulations on its energy sector. I can't afford to pay more to keep my home cool just to satisfy an interest group's agenda. Please oppose outside groups like SACE and do what is best for me -- help me keep my bills paid and my lights on. Thank you for your consideration.

Dear Eduardo Balbis,

We are writing because we are concerned about outside groups like the Southern Alliance for Clean Energy, which purport to be about what's best from Florida, but actually are funded by out-of-state interests. Florida has already imposed enough regulations on its energy sector. We can't afford to pay more to keep our home cool just to satisfy an interest group's agenda. Please oppose outside groups like SACE and do what is best for Floridians -- help us keep our bills paid and our lights on. Thank you for your consideration.

Sincerely,  
Greg Hansen
