Hi Patti,

I spoke with atty Walls regarding your question below. He advised that he spoke with his client who confirmed that the name of the plant will be Citrus County Combined Cycle Power Plant. Based on that conversation and your request below, we will update the docket title to reflect the capitalization of "Combined Cycle Power Plant" to reflect the plant "name" rather than the "type" of plant. Thank you for bringing this to our attention.

Dorothy

I am working on a Recommendation for the above mentioned Docket and in the name of consistency, I was wondering if the Title of the docket (in CMS) needs to be edited to be consistent with the Petition. Specifically, shouldn't we capitalize the name of the Power Plant like this:

CMS now shows the title this way:

Docket No. 140110-EI – Petition for determination of need for Citrus County combined cycle power plant, by Duke Energy Florida, Inc.

Proposed change because this is the way it is stated in the attached Petition:

Docket No. 140110-EI – Petition for determination of need for Citrus County Combined Cycle Power Plant, by Duke Energy Florida, Inc.

Thank you!
