Subject: Docket 140172-GU

Good morning, Shevie,

This e-mail serves as confirmation that the title for the docket referenced above has been changed

from:

Petition for approval of a *new* compressed natural gas home refueling energy conservation program for residential users by Associated Gas Distributors of Florida.

to:

Petition for approval of a compressed natural gas home refueling energy conservation program for residential users, by Associated Gas Distributors of Florida.

The reason for the change is to make the title more accurately reflect the title of the petition as it was filed with CLK. Let me know if you have any questions or require any additional changes.
