Document No. 04214-14 (Hamilton Sealed Price Proposal) and Document No. 04275-14 (Sprint Sealed Price Proposal) no longer need to be kept as confidential. The pricing information contained in the documents are included in a recommendation filed today that will be a public record. I am advised that the documents should be retained until the period for protesting the award of the contract has expired. We will prepare a memorandum for return of all documents when the protest period has expired.

Please let me know if you have any questions. Thank You.
