DOCKET NO. 140001-EI  
ORDER NO. PSC-14-0544-CFO-EI  
ISSUED: October 8, 2014

ORDER GRANTING FLORIDA PUBLIC UTILITIES COMPANY'S REQUEST FOR  
CONFIDENTIAL CLASSIFICATION (DOCUMENT NO. 04712-14)

On August 22, 2014, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Public Utilities Company (FPUC) filed a Request for Confidential Classification (Request) of certain information provided on pages 10-12 of the direct panel testimony of Curtis D. Young and Mark Cutshaw (Document No. 04712-14). This request was filed in Docket No. 140001-EI.

Request for Confidential Classification

FPUC contends that information contained in the direct panel testimony of Curtis Young and Mark Cutshaw, submitted in Docket No. 140001-EI and more specifically described in a line-by-line justification within its Request, constitutes proprietary and confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. FPUC asserts that this information is intended to be and is treated by FPUC as private and has not been publically disclosed.

FPUC contends that the specific detailed information contained in the direct panel testimony of Curtis Young and Mark Cutshaw involves a pending project among FPUC and two other entities, which is not yet finalized. FPUC notes that, pending consummation of the transaction(s) necessary to bring the project to fruition, certain details regarding the project are considered proprietary confidential business information by the parties and subject to non-disclosure agreement. FPUC asserts that the testimony also contains information regarding the project size and projected savings, which could be used to derive the proposed pricing structure under discussion. FPUC contends that the disclosure of this information would harm its business operations and ratepayers by impairing the Company's ability to effectively negotiate for goods and services, as well as impair the ability to bring this project to fruition. FPUC argues that such information is entitled to confidential classification pursuant to Section 366.093(3)(d) and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's

ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

(d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above and in FPUC's Request appears to contain information concerning bids or other contractual data, the disclosure of which would impair the efforts of FPUC or its affiliates to contract for goods or services on favorable terms, and information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document No. 04712-14 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPUC or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Julie I. Brown, as Prehearing Officer, that Florida Public Utilities Company's Request for Confidential Classification of Document No. 04712-14 is granted. It is further

ORDERED that the information in Document No. 04712-14, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Julie I. Brown, as Prehearing Officer, this 8th day of October, 2014.
