STAFF'S FIRST DATA REQUEST

Re: Docket No. 140183-GU – Petition for approval of Cast Iron/Bare Steel Pipe Replacement Rider (Rider CI/BSR), by Peoples Gas System.

Dear Mr. Brown

By this letter, the Commission staff requests that Peoples Gas System (PGS or Utility) provide responses to the following data requests.

1. How many miles of mains and services, listed by type, have been replaced since the approval of the Cast Iron/Bare Steel Replacement Rider (CI/BSR) through the end of September 2014?
2. How many miles of mains and services are projected to be replaced in the 4th Quarter of 2014?
3. How many miles of mains and services are projected for replacement in 2015?
4. How many miles of mains and services, listed by type, remain to be replaced as of your response to this Data Request?
5. Order No. PSC-12-0476-TRF-GU, approving the CI/BSR program, noted "Peoples [Gas System] explained that it believes that a 10-year time frame is a reasonable projection to complete the replacement program." Is Peoples Gas System still planning to complete the CI/BSR program under the referenced 10-year time frame? If not, please explain.

Please file the original and five copies of the requested information by Thursday, October 30, 2014, with Carlotta Stauffer, Commission Clerk, Office of Commission Clerk, 2540 Shumard Oak Boulevard, Tallahassee, Florida, 32399-0850. Please feel free to call me at (850) 413-6220 if you have any questions.

Sincerely,

/s/ John Villafrate
