Issue 2: Does the Commission's approval of Forest's application to amend Certificate No. 300-S to include Jamaica Bay constitute a *de facto* approval of the terms of the Settlement by the Commission?

Recommendation: No. The Settlement was negotiated between Jamaica Bay and Forest as a resolution of all of the issues raised in the circuit court breach of contract case between these parties. The Settlement is not binding on the Commission and the Commission's approval of the request for amendment of its certificated service territory to add Jamaica Bay does not constitute the Commission's approval of any of the terms of the Settlement.
