**Re: Docket No. 140135-WS - Application for increase in water/wastewater rates in Pasco County by Labrador Utilities, Inc.**

Dear Mr. Friedman:

We have reviewed the revised minimum filing requirements (MFRs) submitted on November 17, 2014, on behalf of Labrador Utilities, Inc. (Labrador or Utility). At this time, the revised MFRs are still deficient and the specific deficiencies are identified below:

1. Rule 25-30.440(4), Florida Administrative Code (F.A.C.), requires all water and wastewater plant operations reports for the test year and the proceeding year. In our review of the Discharge Monitoring Reports, we found that January 2013 was missing three pages. Please provide the missing pages for the January 2013 Discharge Monitoring Report.

If the required reconciliations above require a corresponding change to any MFR schedules, those corrected schedules must also be submitted in accordance with Rule 25-30.436(4)(e), F.A.C. Your petition will not be deemed filed until the deficiencies identified in this letter have been corrected. These corrections should be submitted as soon as possible, but no later than December 29, 2014 to the following address:

Office of Commission Clerk  
Florida Public Service Commission  
2540 Shumard Oak Boulevard  
Tallahassee, Florida 32399-0850
