

**BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION**

IN RE: Fuel and purchase power cost recovery  
clause with generating performance incentive  
factor

Docket No: 140001-EI  
Date: December 10, 2014

**FLORIDA POWER AND LIGHT COMPANY'S FIRST REQUEST  
FOR EXTENSION OF CONFIDENTIAL CLASSIFICATION  
OF CERTAIN INFORMATION CONTAINED IN FORMS  
423-1(a), 423-2, 423-2(a) and 423-2(b) FOR MARCH/FEBRUARY 2013**

Pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Florida Power & Light Company ("FPL") hereby submits its First Request for Extension of Confidential Classification of certain material provided to the Florida Public Service Commission ("Commission") in connection with its Forms 423-1(a), 423-2, 423-2(a) and 423-2(b) for March/February 2013. In support of this First Request for Extension of Confidential Classification, FPL states as follows:

1. On May 22, 2013 FPL filed a Request for Confidential Classification of certain materials contained in its Forms 423-1(a), 423-2, 423-2(a) and 423-2(b) for March/February, 2013, which included Exhibits A, B and C. ("May 22, 2013 Request").
2. By Order No. PSC-13-0279-CFO-EI, dated June 17, 2013 ("Order 0279"), the Commission granted FPL's May 22, 2013 Request.
3. FPL adopts and incorporates by reference the May 22, 2013 Request.
4. The period of confidential treatment granted by Order 0279 will soon expire. The Confidential Information that was the subject of FPL's May 22, 2013 Request warrants continued treatment as proprietary and confidential business information within the meaning of Section 366.093(3), F.S. Accordingly, FPL hereby submits its First Request for Extension of Confidential Classification.

5. FPL submits that the information contained in Exhibit A and referenced in Exhibits B and C continues to be proprietary confidential business information within the meaning of Section 366.093(3), F.S. The Confidential Information is intended to be and has been treated by FPL as private, its confidentiality has been maintained, and its disclosure would cause harm to FPL and its customers. Pursuant to Section 366.093, F.S., such materials are entitled to confidential treatment and are exempt from the disclosure provisions of the public records law. Thus, once the Commission determines that the information in question is proprietary confidential business information, the Commission is not required to engage in any further analysis or review such as weighing the harm of disclosure against the public interest in access to the information.

6. Nothing has changed since the filing of FPL's May 22, 2013 Request to render the Confidential Information stale or public, such that continued confidential treatment would not be appropriate.

7. Upon a finding by the Commission that the Confidential Information remains proprietary and confidential business information, the information should not be declassified for at least an additional eighteen (18) month period and should be returned to FPL as soon as it is no longer necessary for the Commission to conduct its business. *See* § 366.093(4), F.S.

**WHEREFORE**, for the above and foregoing reasons, as more fully set forth in the supporting materials and affidavits included herewith, Florida Power & Light Company respectfully requests that its First Request for Extension of Confidential Classification be granted.

Respectfully submitted,
