Subject: Information as requested
Attachments: PSC submission.pdf

As requested by the Public Service Commission during a conference call on September 19, 2014, enclosed is the list of customers and the related annual water consumption for Calendar year 2013. These addresses are included in the area receiving wholesale wastewater service through Sanlando Utilities (Utilities) per an agreement with Seminole County (County). These consumptions do not include water used through separate irrigation meters.

The County has notified both the PSC and the Utilities that a request will be forthcoming to change the wastewater service purchased from a flat service rate to a bulk service rate based on a volumetric basis after meters are installed. The County intends to have master meters installed by the end of the year to measure actual wastewater flows.

If you have any questions regarding the information, please contact me at (407) 665-2148 or by email at dsmith04@seminolecountyfl.gov.
