Please see the email train below.

Document <http://www.psc.state.fl.us/library/FILINGS/14/06269-14/06269-14.pdf> should be included in the document fillings for Dockets 140219 and 140220. The Sunrise Utilities SARC Application appears to start on page 42. Please advise on how to get these documents into the appropriated docket file.

Thank you,

Clay

Hi Denise, thank you for letting us know about the document. The Division of Engineering is OPR on both dockets. I'm forwarding your e-mail to Laura and Clayton.

Martha:

I am trying to organize my files and I realized that this document was filed for the Alturas and Sunrise staff assisted rate cases (Docket Nos. 140219-WU and 140220-WU). However, the document is filed electronically in Docket No. 140000-PU. I'm not sure who is OPR on this case, but could you please pass this on to the appropriate person? Thanks so much!
