Re: Company response to audit report Docket # 140174-WU and 140175-WU.

**Original + 4 copies - CTC 2/9*

Dear Commission Clerk:

Please add the following company response to the above Docket file.

Company response to the audit is as follows.

1. Company requests an acquisition adjustment of \$ 208,681 as stated in the audit report page 12 based upon the fact that the audit revealed major discrepancies in the book value of the component of water rate base.
2. Utility requests that the two wells with land lots be added in this rate case. The previous owners had these two properties titled in a different company name and I had the deed put into the names of Crestridge. The Deeds have already been sent to the docket file.
3. Reminding staff that I have purchased a new truck for the utility to go along with the truck we already have. This information was given to the auditors but I do not see it reflected in the audit report. Information along with receipts was sent in the response to the staff data request.

On behalf of the utility,

Michael Smouse

Mike Smallridge
