STAFF'S FIRST DATA REQUEST
via email

Re: Docket No. 150009-EI - Nuclear cost recovery clause.

Dear Mr. Bernier:

By this letter, the Commission staff requests that Duke Energy Florida, Inc. (DEF) provide responses to the following data requests.

1. Please describe how DEF complied with Order No. PSC-14-0617-FOF-EI, to make the downward adjustment of \$54,127,100 to the projected 2015 expenses and to account for this adjustment pursuant to Section 366.93 F.S., Rule 25-6.0423 F.A.C. and any affected requirements of the 2013 Settlement Agreement. In this response, please identify all impacted FERC accounts and subaccounts and how they were affected by the ordered action.
2. Please describe how the method of accounting for the treatment of the \$54 million proposed in DEF's March 2, 2015 petition differs from the approach described in your response to question 1.
3. Please include an example of how DEF anticipates reconciling the \$54 million adjustment described in your response to questions 1 and 2 assuming a favorable, to DEF, litigation outcome. In this response, please identify all impacted FERC accounts and subaccounts and how they would be affected.
4. If the March 2, 2015 Petition is considered and approved during the Commission's April 16, 2015 Agenda Conference, please state the beginning date of the first monthly billing cycle that would occur at least 10 days after this approval (i.e., the date the revised tariff would become effective).
