Subject: RE: HC Waterworks - Billing Analysis - Wastewater

Here is the wastewater. There is only one:

<u>Adjustment #</u>	<u>Original Billed Consumption</u>	<u>Adjustment</u>	<u>Adjusted Consumption</u>
1	6k	(6k)	0

Subject: HC Waterworks - Billing Analysis

Below are the summaries of the credit adjustments issued during the test year. All but one is easily adjustable on billing analysis. I've submitted information absent any customer specific information so I numbered them by adjustments:

<u>Adjustment #</u>	<u>Original Billed Consumption</u>	<u>Adjustment</u>	<u>Adjusted Consumption</u>
1	6k	(6k)	0
2	9k	(7k)	2k
3	6k	(6k)	0
4	6k	(6k)	0
5	8k	(4k)	4k
6	6k	(6k)	0
7	6k	(6k)	0
8	3k	(3k)	0

The one below was originally billed in May 2013 – which was outside the test year – but the credit was issued in August 2013 – which was during the test year:

9	12k (May 13)	(9k) August 13	3k
---	--------------	----------------	----

For the last one – I would say no adjustment to the billing analysis is necessary.
