STAFF'S FIRST DATA REQUEST
via e-mail

Re: Docket No. 150094-GP – Petition for approval of amendment to special contract with Peninsula Pipeline Company, by Peoples Gas System

Dear Mr. Watson:

By this letter, Commission staff requests the following information from Peoples Gas System (PGS).

1. Please provide a map showing the location of the new pipeline in relation to existing infrastructure; for example, please show the location of the interconnection with the Southern Natural Gas Cypress Lateral, the location of the new line's terminus at the point of tie-in to the PGS system, and all proposed custody transfer points (if applicable) along the route of the new line.
2. What is the cost to PGS to construct/install the new pipeline (including any necessary appurtenances)? Please include a general description of the types of costs that will be incurred (e.g., materials, labor, permitting, secure right-of-way, etc.) Also, please include the length and diameter of the new pipeline and confirm that it will not be "bare steel" construction.
3. Will PGS need to obtain approval from any other state or local agencies to construct the pipeline? If the answer is affirmative, please provide a brief description of the approvals that will be required and an estimate of when they will be received.
4. When does PGS anticipate that construction of the pipeline will commence and what is the estimated completion date?
5. Please refer to Exhibit B to the petition. Please identify and explain the types of costs that the monthly reservation charge (confidential) is designed to recover.
6. Please refer to Exhibit B to the petition. Please provide the basis for the derivation of the usage charge (confidential) for all quantities delivered by PGS in excess of the Maximum Daily Delivery Quantity (MDQ).

7. Please refer to Exhibit C to the petition. Please explain how the amounts (confidential) shown for Operation and Maintenance, Depreciation, Income Taxes, and Return Requirements were derived.
8. Did PGS issue a Request for Proposals (RFP) to obtain construction cost estimates for the pipeline from other entities? If the answer is affirmative, please identify all respondents to the RFP and provide an explanation regarding why their proposals were rejected. If the answer is negative, please state why PGS did not solicit competitive bids.

Please file the original and five copies of the requested information by Friday, April 24, 2015, with Carlotta Stauffer, Commission Clerk, Office of Commission Clerk, 2540 Shumard Oak Boulevard, Tallahassee, Florida, 32399-0850. Please call me at (850) 413-6495 if you have any questions.

Thanks and regards,

/s/ Don Rome
