Docket No. 150001-EI
Dated: April 13, 2015

**FLORIDA POWER & LIGHT COMPANY'S FIFTH REQUEST
FOR EXTENSION OF CONFIDENTIAL CLASSIFICATION OF
INFORMATION PROVIDED PURSUANT TO AUDIT NO. 05-031-4-1**

Pursuant to Section 366.093, Florida Statutes ("Section 366.093"), and Rule 25-22.006, Florida Administrative Code, Florida Power & Light Company ("FPL") hereby submits its Fifth Request for Extension of Confidential Classification of Information Provided Pursuant to Audit No. -5-031-4-1 ("Confidential Information"). In support of this request, FPL states as follows:

1. On April 5, 2005 FPL filed a Request for Confidential Classification of the Confidential Information, which included Exhibits A, B, C and D ("April 5, 2005 Request"). By Order No. PSC-05-0727-CFO-EI, dated July 6, 2005 ("Order 0727"), the Commission granted FPL's April 5, 2005 Request. FPL adopts and incorporates by reference the April 5, 2005 Request and Order 0727.

2. By Order No. PSC-07-0884-CFO-EI, dated October 31, 2007, the Commission granted FPL's First Request for Extension of Confidential Classification.

3. By Order No. PSC-10-0089-CFO-EI, dated February 22, 2010, the Commission granted FPL's Second Request for Extension of Confidential Classification.

4. By Order No. PSC-12-0108-CFO-EI, dated March 13, 2012, the Commission granted FPL's Third Request for Extension of Confidential Classification.

5. On August 27, 2013 FPL filed a Fourth Request for Extension of Confidential Classification of the Confidential Information, which included Second Revised Exhibit A, Second Revised Exhibit B, Fourth Revised Exhibit C and Fourth Revised Exhibit D ("August 27,

2013 Request"). By Order No. PSC-13-0462-CFO-EI, dated October 14, 2013 ("Order 0462"), the Commission granted FPL's August 27, 2013 Request. FPL adopts and incorporates by reference the August 27, 2013 Request and Order 0462.

6. The period of confidential treatment granted by Order 0462 will soon expire. The Confidential Information that was the subject of FPL's August 27, 2013 Request and Order 0462 warrants continued treatment as proprietary and confidential business information within the meaning of Section 366.093(3). Accordingly, FPL hereby submits its Fifth Request for Extension of Confidential Classification.

7. Included herewith and made a part hereof are Third Revised Exhibit A, Third Revised Exhibit B, together with Fifth Revised Exhibit C to reduce the number of pages for which confidential treatment is sought.

8. Third Revised Exhibits A and B consist of highlighted and redacted copies of the specific work papers where FPL has determined that a portion of the information previously designated as confidential requires continued confidential treatment. Where entire pages of a work paper are confidential, FPL has included only identifying cover pages in Third Revised Exhibit B.

9. Fifth Revised Exhibit C is a table that identifies the specific pages, lines or columns that remain confidential. The table also references the specific statutory basis for confidentiality and the affiants who support the requested classification.

10. Also included herewith and made a part hereof is Fifth Revised Exhibit D. Fifth Revised Exhibit D contains the affidavits of J. Carine Bullock and Damaris Rodriguez in support of this request.

11. The Confidential Information is intended to be and has been treated by FPL as private, its confidentiality has been maintained, and its disclosure would cause harm to FPL and its customers. Pursuant to Section 366.093, such materials are entitled to confidential treatment and are exempt from the disclosure provisions of the public records law. Thus, once the Commission determines that the information in question is proprietary confidential business information, the Commission is not required to engage in any further analysis or review such as weighing the harm of disclosure against the public interest in access to the information.

12. As the affidavits provided herewith indicate, certain confidential information relates to security measures, systems or procedures. This information is protected by Section 366.093(3)(c), Fla. Stat.

13. Also, certain information that FPL asserts is proprietary confidential business information contain information concerning bids or other contractual data the disclosure of which would impair the efforts of FPL to contract for those goods or services on favorable terms. This information is protected by Section 366.093(3)(d), Fla. Stat.

14. Lastly, some documents contain information that relates to customer specific account information. It is FPL's policy not to disclose customer-specific information, except as required by law, to entities or persons other than the customer absent the customer's consent. The policy includes but is not limited to: customer names, addresses, telephone numbers, account numbers, rates, billing determinants (kW and kWh usage), conservation savings in kW, kWh, and bills. FPL's policy is premised upon customers' right to privacy and the potential that disclosure of customer specific information may harm some customers' competitive interests. This information is protected pursuant to Section 366.093(3)(e), Fla. Stat.

15. Upon a finding by the Commission that the Confidential Information remains proprietary and confidential business information, the information should not be declassified for at least an additional eighteen (18) month period and should be returned to FPL as soon as it is no longer necessary for the Commission to conduct its business. *See* § 366.093(4), Fla. Stat.

WHEREFORE, for the above and forgoing reasons, as more fully set forth in the supporting materials and affidavits included herewith and incorporated herein by reference, Florida Power & Light Company respectfully requests that its Fifth Request for Extension of Confidential Classification be granted.

Respectfully submitted,

Docket No: 150001-EI

STATE OF FLORIDA)
MIAMI-DADE COUNTY)

AFFIDAVIT OF DAMARIS RODRIGUEZ

BEFORE ME, the undersigned authority, personally appeared Damaris Rodriguez who, being first duly sworn, deposes and says:

1. My name is Damaris Rodriguez. I am currently employed by Florida Power & Light Company ("FPL") as Manager of Cost Recovery Clauses in the Regulatory Affairs Department. I have personal knowledge of the matters stated in this affidavit.

2. I have reviewed the documents referenced and incorporated in FPL's Fifth Request for Extension of Confidential Classification of Information Obtained in Connection with Audit No. 05-031-4-1 for which I am identified as the affiant. The information that FPL asserts is proprietary and confidential business information includes customer-specific account information, which if disclosed would impair the competitive interests of FPL or the providers of the information. It is FPL's corporate policy not to disclose customer-specific information. This policy includes, but is not limited to: customer names, addresses, telephone numbers, account numbers, rates, billing determinants (kW and kWh usage), conservation savings in kW, kWh and bills. FPL treats such information as confidential and does not disclose it, except as required by law, to entities or persons other than the customer absent the customer's consent. FPL's policy is premised upon customers' right to privacy and the potential that the disclosure of customer specific information may harm some customers' competitive interests.

3. Nothing has occurred since the issuance of Order No. PSC-13-0462-CFO-EI to render the information stale or public, such that continued confidential treatment would not be appropriate. Therefore, the information should remain confidential for a period of at least an additional eighteen (18) months. These materials should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business so that FPL can continue to maintain the confidentiality of these documents.

4. Affiant says nothing further.

Specifically, the information relates to security measures, systems or procedures, such as installation of surveillance system, security system and guards for security enhancement at the plant sites and amount paid to vendors for providing those services.

3. Nothing has occurred since the issuance of Order No. PSC-13-0462-CFO-EI to render the information stale or public, such that continued confidential treatment would not be appropriate.
