Dear Mr. Stone:

By this letter, the Commission staff requests that Gulf Power Company (GULF or Company) provide responses to the following data requests.

1. Please complete the following tables describing payments to a renewable provider based on the proposed tariffs included in the Company's revised standard offer contract. When responding, assume a renewable generator with a 50 MW output providing firm capacity with an in-service date of January 1, 2016, operating at the minimum capacity factor required for full capacity payments and a contract duration of 20 years. Please state the capacity factor assumed for the calculations. In addition, please calculate the total Net Present Value (NPV) of all payments in 2016 dollars, and provide an explanation of the method and rate used to calculate the NPV.

Please provide the completed table for the following five scenarios:

- As-available energy (energy only payments)
