Subject: Docket No. 140158-WS

Greetings

I am in receipt of your notice that was provided me regarding U S Water Service Corp. Docket No. 14058-WS

Everyone is aware that costs go up every year, However a rate increase of 23.78% is enormous. (current rate \$18.92 X 1.2378% = \$23.42 the revised rate) for my monthly water.

If my social security benefits went up by 23.78% then I could not complain but I don't believe they will.

Respectfully submitted,

Fred Skubal
