Dear Ms. Rule:

By this letter the Commission staff requests that the following be addressed in the above-referenced application.

- 1. Deficiencies Regarding Financial Statements.** Rule 25-30.037(3)(g), F.A.C., requires a list of all entities upon which the applicant is relying to provide funding to the buyer, and an explanation of the manner and amount of such funding, which shall include their financial statements and copies of any financial agreements with the Utility. Please provide current financial statements of any person or entity with an ownership interest of 10 percent or greater. The financial statements may be filed confidentially.
- 2. Objection of the Transfer.** Please address comments filed in the above-referenced application in objection to the transfer. Issues regarding odor of the wastewater operation and the public interest in having the wastewater operation under Pasco County ownership were raised by Mr. Tom Steans. Please provide documents demonstrating the company's efforts in addressing the wastewater operation and odor concerns. Regarding the interest in having the wastewater operation under Pasco County ownership, please provide a response including the potential costs and benefits of the county ownership, and whether Pasco County indicated an interest in acquiring the wastewater operation.

Please submit the above information on or before May 26, 2015. When filing the response, please be sure to refer to the docket number and to direct the response to:
