CONSUMER COMMENTS
Not to many years ago the water we used
→ provided by a local company was \$15 month.
Since this large company with a local
monopoly bought out the earlier company
our cost has risen to > \$35 month i.e.
> 100%.
When will the commission realize that
water is a life necessity and this should
not be blackmail for extracting
exorbitant profits.
Would you like it? Or are there
people lobbying local officials?
