RE: Docket No. 150094-GP; Petition for approval of amendment to special contract with Peninsula Pipeline Company, by Peoples Gas System
Request for Confidential Classification for Document No. 02296-15

On April 24, 2015, Peoples Gas System (Peoples) filed a request for confidential classification for Document No. 02296-15. This document is the response by Peoples to staff's first data request in the subject docket. The information in the document for which Peoples seeks confidential treatment relates to pipeline construction costs (Peoples' response to staff Question 2) and support for the project incremental cost of service study (Peoples' response to staff Question 7). Staff has reviewed the document and concurs with Peoples that the nature of the information meets the requirements set forth in Section 366.093(3)(d) and (e), Florida Statutes, whereby disclosure of the information would harm the competitive business operations of Peoples.

Therefore, staff recommends that the request by Peoples for confidential classification of Document No. 02296-15 be approved with regard to Peoples' response to staff Questions 2 and 7. Staff notes that Peoples' response to staff data request Question 1 also contained information for which confidential treatment originally was requested. However, Peoples subsequently provided staff with equivalent information that is not confidential in nature; therefore, staff is returning the information provided by Peoples in response to staff Question 1 without rendering a determination regarding confidentiality.
