RE: Docket No. 140117-TX – Application to provide local telecommunication service in Florida, by Cellular South Inc., d/b/a C Spire and d/b/a C Spire Business Solutions.

CSB
smh
BMG
KLF

Please add the attached documents to Docket No. 140117-TX – Application to provide local telecommunications service in Florida, by Cellular South Inc., d/b/a C Spire and d/b/a C Spire Business Solutions.

These documents serve as proof from the company that the Application for Transfer that was filed in this docket was made in error. Section 364.33, Florida Statutes states, “A certificate of necessity or authority may be transferred to...another person holding a certificate of necessity or authority, its parent company or affiliate without prior approval of the Commission by giving written notice...” After staff research, it was determined that the criteria from Section 364.33 Florida Statutes was met and no commission approval is required and the Application for Transfer is unnecessary.

Therefore, this docket should be closed administratively in accordance with APM 2.07-C.2.d.(4).

Re: Docket Number 140117-TX Cellular South d/b/a C-Spire

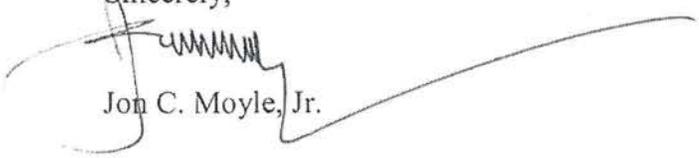

Dear Beth:

On behalf of my client, Cellular South, Inc. doing business as C-Spire, I wanted to provide you with some additional information in the above-referenced matter.

The name of the company being transferred pursuant to the application filed in this matter is Callis Communications, Inc. Callis Communications, Inc. is certified as a competitive local exchange carrier pursuant to Florida law. (See TX 990). I am told that Callis Communications, Inc. will not change how it provides information to the public about its rates. The effective date of the transfer was February 6, 2014.

Assuming that Commission approval is not needed for this matter, I would respectfully ask that this docket be closed. If you have questions or need additional information, please let me know.

Sincerely,

Jon C. Moyle, Jr.

Jon, I still need confirmation from you in writing that the company being transferred is Callis. (Please see below.) I also need an email saying if you want the docket to be closed.

Jon, thank you for the information. I still need verification from you that the company being transferred is Callis Communications, Inc. The name of the company is necessary for the docket file. If Callis is the company, I believe this docket should be closed as PSC approval is not necessary for this transfer. If you send an email stating you want the

docket to be closed, we will do the paperwork to close it. You will still need to send a notice to the PSC 60 days after the transfer is complete. Also, please give us current contact information and where the company tariffs will be publicly published. In the future, if you decide to change Callis' name, please remember to file with the PSC.

Subject: Docket no. 140117-TX Cellular South d/b/a C-Spire

Beth: I wanted to advise you that I am told Telepak Networks, Inc. is a sister corporation to Cellular South, Inc. They share the same parent, Telapex, Inc. I hope this clarification is of assistance. At your convenience, please update me as to the status of the above-referenced matter. Thank you. Jon

Hey Jon,

Thank you again for getting back with me so quickly. The information that I needed regarding the application filed and the request for transfer, is whether or not there is going to be a change in ownership and if the transfer to another company is a company that is also certificated by the FPSC. It was not clear what company it is and the certificate number that was listed on the transfer page at the end of the application is not a valid certificate number. Once this information is provided I can proceed and will probably just a couple more questions. Thanks again!
