CONSUMER COMMENTS
<p>Regarding the increase in water rates for our neighborhood by Cedar Acres, Inc., while we recognize the need for Cedar Acres to make a reasonable profit, an increase from 45¢ per 1000 gallons to \$4.68 per 1000, seems excessive. It is our understanding that our neighborhood was also threatened with a \$10,000 per household assessment to go to city water, should Cedar Acres not receive their increase. This threat seems unethical, at least. Many residents in this neighborhood are retired on fixed incomes. As stated, we think an increase is warranted, however, the proposal seems excessive.</p>
