Dear Mrs. Stauffer:

The Federal Communications Commission's November 18, 2011 USF/ICC Transformation Order, FCC 11-161 (WC Docket No. 10-90) requires carriers seeking to obtain recovery through the federal mechanisms established in that Order to make certain certifications to the FCC and to state commissions regarding their eligibility for, and their compliance with the rules applicable to, such recovery. Specifically, 47 C.F.R. §51.915 (d)(3) requires Price Cap Carriers to certify annually to the FCC and to relevant state commissions that the carrier is not seeking duplicative recovery in the state jurisdiction for any Eligible Recovery subject to the federal recovery mechanisms.

In compliance with the notification requirement, BellSouth Telecommunications, LLC d/b/a AT&T Florida ("AT&T Florida") submits the enclosed certification concerning its compliance with the FCC's requirements.

Should the Commission or its staff have any questions or wish to discuss further, please call me at (850) 577-5552.

Yours very truly,
